The ESMO-SIOPE Joint Working Group on Cancer in Adolescents and Young Adults (AYA) is dedicated to improving care for adolescents and young adults (AYA) with cancer. The group aims to enhance knowledge on AYA-specific cancer issues and to promote collaboration between medical and pediatric oncologists. Research and educational activities are key components of the group's work, aiming to address gaps in care and improve outcomes for AYA patients.

Selected AYA Working Group Accomplishments
- Regular teleconferences & face-to-face meetings
- e-learning modules on AYA issues
- The results of the ESMO-SIOPE Survey on AYA Cancer Care
- Regular meetings with the ESMO/AIO Joint Working Group on Cancer in Seniors
- The implementation of the Joint ESMO/SIOPE AYA Working Group is unique in the way it links the paediatric and medical oncology communities and to enhance knowledge on AYA related issues.
