

## **INSTRUCTIONS FOR POSTER DISPLAY**

### **GENERAL INFORMATION**

The ESMO Immuno Oncology Congress organisers look forward to seeing your poster on display during the meeting and thank you in advance for your co-operation in following these guidelines:

- The size of the poster must be **190 cm wide** by a maximum of **95 cm high**. Presentation format is **horizontal**.
- An optimal lay-out of your presentation will attract the attention of other Congress participants. Text should be easy to read at a distance of 1 meter. Would the use of colour be helpful?
- You must include all material to support your presentation, such as tables, drawings, charts and pictures.
- QR (Quick Response) and/or AR (Augmented Reality) codes are allowed in the poster, However, although ESMO accepts that these may go to a commercial/branded website, we suggest avoiding links to websites containing blatant product advertising. If you intend adding a QR to your poster, please add the following disclaimer notice: "Copies of this poster obtained through QR (Quick Response) code are for personal use only and may not be reproduced without written permission of the authors." Please also refer to the IMPORTANT NOTICE further down.
- If the study has received funding, this must also be acknowledged on your poster: "Study sponsored by..."
- At the bottom of the poster, please include your and/or the corresponding author **email address**. This will prove especially useful if another ESMO IO 2017 delegate wishes to contact you about your work. Having copies of your material for onsite distribution is also a good means of communication.
- Please see <http://esmo.org/Conferences/ESMO-Immuno-Oncology-Congress-2017/Programme> for schedule details.

### **IMPORTANT NOTICE**

This will apply to all presentations made throughout the programme, including all abstract-related Posters.
