10) CONDITIONS FOR PARTICIPATION IN THE EXHIBITION

10.1 CONTRACT – EXHIBITION DATES
Mailing or delivering the application form does not constitute a formal agreement that the exhibitor is admitted to the exhibition. Contractual conditions are constituted first when MCI (Exhibition Management) sends written acceptance of the exhibitor to the exhibition. Any registration to an exhibition can be refused by the MCI (Exhibition Management) without giving cause. The application form must be filled in, signed with a legally competent signature and delivered to MCI (Exhibition Management) on time. Exhibition space allocation is made by the sponsorship level and on a first come, first served basis then according to date of application and booth size. The requested floor space may be reduced by MCI (Exhibition Management) if necessary.

MCI (Exhibition Management) has the right to revise the location and time of the exhibition, to shorten the time of the exhibition and to cancel the exhibition. Any change in the length of time of the exhibition does not entitle the exhibitor to cancel the contract nor to request lowering of fees nor to put forward a claim to damages incurred thereby.

10.2 PURPOSE OF THE EXHIBITION – ADVERTISING
The stands may be used only for exhibiting and advertising the exhibitor’s own products, not however for the sale of any products. Any orders for products which are taken must be in accordance with laws covering such orders. Advertising materials may be distributed only within the stand. During exhibition hours all stands must be continually staffed.

10.3 SETTING UP STANDS – MAINTENANCE OF STANDS
Before setting up their stands, exhibitors must contact MCI (Exhibition Management) and reconfirm the placement of the stand as well as inform themselves of any special regulations relating to their stand. Side and back walls of stands are to be 2.44 metres high; for any variation from this norm (2.44 metres) specific permission must be obtained from MCI (Exhibition Management) as soon as possible, at the latest by 20 September 2018. For any changes in the size or structure of the floor space, or for any changes to the rented objects, specific written permission must be obtained. Stands must be set up and completely fitted during the announced time; stands which are not finished can be rented to another applicant; in such case the exhibitor is responsible for costs arising from cancellation and all attempts to put forward a claim to damages are invalid. An exhibitor or advertising company contracted by the exhibitor who wishes to set up a stand or exhibit of their own design and construction must submit sketches and plans with a statement of colour schemes of such a stand or exhibit to MCI (Exhibition Management). MCI (Exhibition Management) reserves the right to demand changes in such stands or exhibits if safety regulations, technical requirements or the responsibility of preserving or obtaining the best possible overall image for the exhibition, as judged by MCI (Exhibition Management), should so require. The side and back walls of all stands should be finished on the outsides as well as the insides. All directives and instructions of MCI (Exhibition Management) with regards to the use of stands, the decoration of them, the use of self-designed and self-constructed stands, and fitting and furnishings of the stands, must be obeyed so that the exhibition may take place with as few complications as possible. If an exhibitor does not follow the directives of the management or does not carry out such directives punctually, MCI (Exhibition Management) reserves the right to take the necessary
steps at the cost of the exhibitor. MCI (Exhibition Management) reserves the right to close or obstruct unused entrances or exits to the exhibition rooms and the right to direct the exhibitor to another place in the exhibition hall if necessary even if this directive conflicts with previous written agreements. The exhibitors are responsible for the proper care of the floors, walls, staircases and storage rooms as well as the hired stands and hired furnishings.

Hired stands and furnishings must be returned in an orderly condition and in an orderly way. In rooms with parquet flooring or unmarred flooring special care must be taken. Heavy packing cases may not be unpacked in such rooms. To avoid scratches and grooves in such floors that could be damaged by sliding packing cases, the exhibitors are required to place a protective covering under heavy packing placed on such floors. The exhibitors and their shipping agents, on specific orders from the exhibitor, must take special care in transporting heavy packing cases and heavy loads. Exhibitors who wish to display extra heavy exhibits demanding special supports or foundations must get specific permission for this from MCI (Exhibition Management). It is not permitted to drive nails or hooks in the walls of the exhibition hall nor to install electric wiring nor to cut or drill holes in the walls of the rented stands. Empty containers and packing materials must be disposed of at any cost of the exhibitor before the exhibition begins; cleaning the stand is in the responsibility of the exhibitor. No part of an exhibition stand may be hung from the ceiling. No structure of an exhibit or stand may project on any side beyond the limits of the stand location. No signs may project beyond the delimiting walls of the stand and each exhibitor must avoid hindering the view or entrance way of neighbouring stands.

Special care must be taken to avoid lights or spot lights which are annoying to visitors or neighbouring stands. Decorating materials and wallpaper which are used by the exhibitor must be fire-proof and written credible proof of this must be presented to MCI (Exhibition Management). Police regulations, fire regulations and other official regulations are to be observed at all times even during the construction and dismantling of the exhibits.

10.4 ELECTRICAL INSTALLATIONS – POWER CONSUMPTION
MCI (Exhibition Management) arranges for the installation of a ring main supply at the cost of the exhibitors. The exhibitors agree to use this installation for all electric power requirements. MCI (Exhibition Management) however is not responsible for any losses or damage which may occur from interruptions or defects in the electric power supply. The costs incurred for the installation of the ring main supply are carried equally by all the exhibitors; the cost of the electricity for each exhibitor is calculated according to the wattage of the electric equipment in his stand; this cost will be invoiced to each exhibitor according to a separate price not included in the rental prices. The exhibitor is responsible for the cost of electrical installations within the stand, however these installations may be carried out only by an electrician appointed by MCI (Exhibition Management).

10.5 SUBLEASING – ACCESS PERMISSION
Partially or wholly subleasing or otherwise relinquishing a stand to a third party as well as private agreements for exchange of stands or floor space between two exhibitors is prohibited. MCI (Exhibition Management) reserves the right to enter any stand at any time.
10.6 DISMANTLING OF STANDS
The exhibitor must dismantle the stand within the allotted time and return the hired furnishings on time. The exhibitor must leave the stand area cleared and the floor cleaned. Stored materials, empty containers and packing materials must be disposed of. Items for which no arrangements have been made for removal and storage at the cost of the exhibitor and which are left behind, become the property of MCI (Exhibition Management) and no reimbursement will be made for such items. MCI (Exhibition Management) can demand that exhibitors restore the exhibition area to the original condition at the exhibitor’s expense. The rented items which were accepted as satisfactory for rental by the exhibitor are to be returned in satisfactory and undamaged condition. All rented items are considered to be in a satisfactory condition unless a written notation signed by MCI (Exhibition Management) is made at the time of rental. Exhibitors must bear the costs of repairs to damaged exhibition areas and of repairs or of necessary cleaning of rented items. If the exhibitor does not dismantle and clear away his exhibit punctually, this will be removed by MCI (Exhibition Management) at the cost of the exhibitor. The exhibitor is liable for the actual cost incurred by MCI (Exhibition Management) in such removals of abandoned exhibits.

10.7 LIABILITY
The exhibitor is liable for all damages caused by himself, by his staff, by his visitors and clients and by any agent acting for him; the exhibitor indemnifies MCI (Exhibition Management) in all such cases. MCI (Exhibition Management) recommends that the exhibitors take out an insurance policy to cover damage to their furnishings and fittings during entire time of the exhibition, including the time allotted for setting up and dismantling, as well as during the exhibition days themselves, as MCI (Exhibition Management) is not liable for personal or property damage.

10.8 PAYMENTS – BREACH OF CONTRACT
The given dimensions of floor space, stands and rented items are approximate. MCI (Exhibition Management) reserves the right to change the dimensions in order to use the available exhibition area most efficiently. Prices charged are based on the actual dimensions; if more floor space than was ordered is later allotted and actually used, the fee for it is to be paid immediately. The exhibitor must bear the cost of any special installations.

10.9 FINAL STIPULATIONS
Any company which disobeys the directives of MCI (Exhibition Management) can be excluded immediately from the exhibition by MCI (Exhibition Management). Such companies are liable for the whole rental sum, and for all incidental expenses including the legal value-added tax. In cases in which MCI (Exhibition Management) is indebted to the exhibitor, the exhibitor may demand compensation instead of cash payment only with permission of MCI (Exhibition Management).

The exhibitor gives up all claim to contestation of the contract especially in cases of mistakes and in cases in which the value of the contract exceeds or falls short of half the true value. All oral agreements, special permissions and special arrangements are valid only upon receipt of written confirmation. In all cases of litigation it is agreed to by the exhibitor that the competency of the duly authorised court in Singapore is recognised. Electively the Exhibition Management
may choose to appeal to the competent court in whose jurisdiction the exhibitor falls. Singapore law is to be used.

10.10 CONDITION OF ACCEPTANCE
The applying exhibitor fully accepts these conditions and the full regulations that will be part of the Exhibitor Manual.

13) FREIGHT FORWARDING INFORMATION

13.1 IMPORTANT INFORMATION

The following information is for your guidance only. The official freight forwarder will send detailed shipping manual to you upon your request. Please read through the manual carefully and take note of the shipping requirements and deadlines. In the event that you decide not to use the official freight forwarder and their recommended agents (for non-local exhibitors only), please hand the shipping manual to your appointed freight forwarder for their compliance so that your exhibits can be correctly despatched and consigned to the official freight forwarder. Failure to comply with the deadlines and instructions will cause unnecessary delays in clearance, and may lead to additional expenses being incurred.

All heavy or large exhibits that require the use of a forklift or pallet truck **MUST** be handled by the exhibition official freight forwarder within the exhibition hall. Movement of freight from the second day of the build-up onwards is subject to size and equipment required and they may not be permitted entry into the exhibition hall.

Exhibitors with such requirements are requested to return **FREIGHT INSTRUCTION FORM** before the deadline with their item description, dimensions, weight and date of arrival.

13.2 CUSTOMS REQUIREMENTS

Approval must be obtained from the Singapore's authority for controlled items. To obtain a full list of restrictions and importing conditions, please contact your freight forwarder. You may also contact our official freight forwarder, Agility Fairs & Events Logistic Pte Ltd.

13.3 CONSIGNMENT INSTRUCTIONS

All exhibition goods dispatched either by sea freight or airfreight must be consigned to the official freight forwarder, regardless of the freight forwarder you may be using. They must be consigned "freight prepaid".

**DO NOT** consign your cargo to the organiser or to the exhibition centre.

13.4 FILMS & VIDEO TAPES / DISCS CENSORSHIP

All films and video tapes / discs to be shown at the exhibition (even if they originate from Singapore) must obtain the approval from the board of film censors. Clearance takes about one week and a handling charge is applicable. This excludes the censorship fee levied by the board of film censors. Foreign exhibitors can appoint the official freight forwarder to handle this procedure.

You are advised not to hand-carry these items into Singapore, as they may be detained by Singapore customs and considerable time and effort may be required to clear them in time for the exhibition.

To apply for exemption, please complete the “Form C” (available upon request), and return it to Agility Fairs & Events Logistics Pte Ltd for forwarding to the media development authority.
13.5 CONSIGNMENT OF COURIER TO THE OFFICIAL FREIGHT FORWARDER
For exhibitors who use courier services, please consign the cargo to the official freight forwarder and forward the airway bill, commercial invoice and packing list to monitor cargo clearance.

13.6 PACKING AND UNPACKING
Please ensure that your equipment is packed in a strong, waterproof packing case, which lends itself to be re-packed after the exhibition. Bolted returnable types of cases are suggested for main exhibits. All packing cases, cartons, etc., to be sent to the exhibition must display the following information:

ESMO Asia 2018
C/o Agility Fairs & Events Logistics Pte Ltd
Name of Exhibitor:
Stand Number:
Case Number(s):
Gross Weight/Net Weight:
Dimensions:

The official freight forwarder will assist with the uncarting and installation of exhibits where mechanical equipment(s) are required. However, exhibitors must supervise and be responsible for these operations. Similarly, exhibitors must supervise the dismantling and repacking of exhibits, especially for delicate and heavy equipment. If exhibitors arrive on-site late or instruct the official freight forwarder to arrange the positioning and/or repacking on their behalf, then it shall be done handled at the exhibitors’ own risk.

13.7 STAND LAYOUT PLANS
Please provide the official freight forwarder with scale layout drawing so that positioning of heavy exhibits can be carried out early during the build-up period. Please fax the final layout of your stand to the official freight forwarder latest one week before the build-up of the show.

EXHIBIT MOVE IN

(a) Cargoes which are moved directly to exhibition site should NOT arrive at exhibition area earlier than the build-up hours.

(b) Exhibitors, their agents or contractors are responsible for the early installation of their heavy or large exhibits according to the move-in schedule provided by the organizer. When stand structures are erected, exhibits may not be possible to be moved in.

(c) To avoid congestion, only small items or goods that can be taken out of their cases without risk of damage can be unpacked in the exhibition hall. For major items, exhibitors should arrange with their freight forwarder to unpack them away from the exhibition premises. Exhibit can then be delivered and immediately placed in position on the stand by the official freight forwarder.

(d) Please note that where mechanical handling within the exhibition area is required, the official electrical contractor and official freight forwarder have
to be appointed. Forklifts, cranes and pallet trucks from other forwarders will NOT be allowed to work inside the exhibition area.

(e) For insurance reasons and to ensure proper control and co-ordination of freight, only the official freight forwarder is permitted to work in-hall and operate lifting equipment. Any freight forwarder may deliver goods to the exhibition hall, but they must be handed over to the official freight forwarder for delivery to the booth, unless the consignment can be carried by one man, without mechanical equipment, such as crane, forklift or pallet trucks. For safety reasons, max weight limit handled by one man is 25kg per piece and maximum trolley dimensions allowed: 470mm X 725mm.

(f) If any heavy or large exhibits arrive on site requiring mechanical aid onsite installation, the organizer will appoint the official freight forwarder to be the site installation contractor on exhibitor’s behalf, and all costs incurred will be borne by the exhibitor.

(g) For safety reason, if the average weight per square meter of your exhibit is more than the specified floor loading, the suitable platform (steel plate) must be laid underneath your exhibits. For technical assistance, please contact the official freight forwarder.

(h) The organizer/show manager is unable to provide in-hall storage facilities for packing cases, surplus materials or other property of the exhibitor. Arrangements for safe-keeping of such items must be made with the official freight forwarder or alternatively exhibitors must arrange for their empty and non-usable cartons and cases to be transported back to their premises. The organizer reserves the right to remove/dispose of any carton, cases and/or packing materials left in the exhibition halls. Any cost incurred will be borne by the exhibitor.

EXHIBIT MOVE OUT
Prior to the move-out days, exhibitors will be given a 'disposal instruction form' to fill in based on the commercial invoice and packing list (CIPL) given at time of entry of goods into Singapore. Exhibitors are required to advise AGILITY if the goods will be re-exported, sold or disposed, as applicable.

During move-out days, representatives of AGILITY will be on-site to help exhibitors with return of empty cases, repacking, re-export, etc. as applicable.

13.8 RETURN INSTRUCTIONS
It is imperative that all exhibitors complete and sign the return shipping instruction. Exhibitor should either visit our site office or contact our Agility representative at the earliest opportunity to complete their disposal instructions. If there is any amendment to the return instruction, the exhibitor will have to provide Agility with the revised instruction immediately.

If the exhibitor has sold their exhibits to a third party during the event it is the SOLE responsibility of the exhibitor to oversee the collection of their exhibits.
13.9 GIVEAWAY / CONSUMABLE ITEMS
Give-aways and souvenir items are permitted entry into Singapore but will be subjected to GST (Goods & Services Tax) of 7% based on their CIF value.

13.10 INSURANCE
Insurance is not provided. It is your responsibility to arrange all risk insurance covering the transport to the exhibition centre, during the exhibition and return of the exhibits, including the period when the official freight forwarder handles exhibits. Please ensure that transport insurance is also arranged for exhibits to be sold locally.

EXHIBITOR LEAD RETRIEVAL SYSTEM

The CTI Meeting Technology Lead System is a state-of-the-art, fast and easy system for exhibitors to record contact information. The Lead technology runs with an app and uses a high quality barcode scanner attached to an iOS mobile device (iPod touch).

Exhibition Lead Retrieval System

Rent pre-installed iPod touch devices equipped with the barcode scanner. The exhibitors configuration and product information is preloaded upon collection onsite.

By simply scanning a visitor’s badge with the iOS device, the contact is entered into the exhibitor’s visitor database, including relevant product information and added comments. The data is synchronized with the server and can be exported as an excel file through an online platform.

New Lead Retrieval Features

- Configure products and services before the congress through an online portal.
- Connect the barcode scanners via the dock connector to an iOS device and take advantage of the fast and advanced scanning experience.
- Immediate access to visitors contact information (name, address and profile information) by scanning their badge with an iPod touch.
- See visitors contact information on the device right after scanning the badge.
- Complete missing contact information on the spot, take notes and automate follow-up activities.
- Quick scan mode for scanning delegates at industry and satellite symposia.
- No Wifi needed for the actual scanning process onsite.
