

Sequencing Life-Prolonging Agents in Prostate Cancer

DINNER SYMPOSIUM

Sunday, 21 October, 18:30–20:00 CET
Hall B3 - Room 20, Messe Munich
Munich, Germany

Chair and Presenter

Bertrand Tombal, MD, PhD
Cliniques Universitaires Saint-Luc, Brussels, Belgium

Presenters

Nicholas D. James, MD, PhD
University of Birmingham, Birmingham, United Kingdom

Celestia Higano, MD
University of Washington, Seattle, WA, USA

Agenda

- 18:30–18:35 Welcome**
Bertrand Tombal, MD, PhD
- 18:35–18:55 The Evolving Landscape of Prostate Cancer and Considerations for Long-term Treatment**
Bertrand Tombal, MD, PhD
- 18:55–19:15 Current Data & Takeaways: Radium-223's Role as a Life-Prolonging Agent**
Celestia Higano, MD
- 19:15–19:35 Sequencing Considerations in the Real-World Treatment of mCRPC**
Nicholas D. James, MD, PhD
- 19:35–19:55 Panel Discussion and Q&A**
Bertrand Tombal, MD, PhD
- 19:55–20:00 Closing and Future Perspectives**
Bertrand Tombal, MD, PhD
