

INSTRUCTIONS FOR PRESENTERS: POSTER DISCUSSION

ESMO looks forward to seeing your poster on display for the **Poster Discussion session** and thanks you in advance for your cooperation in following these guidelines:

- Format of the poster is **horizontal** (landscape). The maximum poster size is **190cm width x 100cm height**.
- An optimal lay-out of your poster will attract the attention of other Congress participants. Text should be easy to read at a 1-meter distance. Use colour wherever possible.
- Due to current scrutiny regarding financial transparency, **IT IS STRICTLY MANDATORY** that you dedicate a section of your poster to any conflict of interests you need disclose, even if to confirm that you have nothing to declare.
- You must include all material to support your presentation, such as tables, drawings, charts and pictures.
- QR (Quick Response) and/or AR (Augmented Reality) and text key codes are allowed in the poster, however, although ESMO accepts that these may go to a commercial/branded website, we suggest avoiding links to websites containing blatant product advertising. If you intend adding a QR or a text key code to your poster, please add the following disclaimer notice: "*Copies of this poster obtained through QR (Quick Response) and/or text key codes are for personal use only and may not be reproduced without written permission of the authors.*" Please also refer to the IMPORTANT NOTICE further down.
- If the study has received funding, this must also be acknowledged on your poster, "Study sponsored by..."
- At the bottom of the poster, please include your and/or the corresponding author email address. This will prove especially useful if another Congress participant wishes to contact you about your work. Having copies of your material for onsite distribution is also a good means of communication.
- Please see <http://www.esmo.org/Conferences/ESMO-2019-Congress/Programme> for schedule details.

IMPORTANT NOTICE

In order to respect CME and ESMO compliance policy for scientific balance and impartiality, ESMO will assign auditors to all presentations given during the official ESMO 2019 programme. This will apply to all presentations made throughout both the educational and scientific program, including all abstract-related sessions: Proffered Papers, Poster Discussions and Poster Displays.

Posters may not present a commercial bias or use clearly identifiable commercial templates. The ESMO reviewers will be responsible for advising the Scientific Committee of any inappropriate commercial bias, promotion or branding unless clearly stated in a balanced and objective manner.

E-POSTER, USB & POSTER PRINTING

ELSEVIER B.V. has been appointed by ESMO to contact you to in order to give you information about the following services:

- **Electronic Poster (ePoster):** In addition to your mandatory paper poster, you will have the option to include an ePoster version available electronically via searchable screens located in **Hall 3**.

ePosters will be also included in the **Poster USB** distributed onsite.

Inclusion of your poster in the ePoster and USB service is free of charge and is NOT mandatory.

PLEASE NOTE: ePosters are NOT a replacement for paper posters. All poster presenters must print their poster according to the size cited above and hang it in the dedicated poster area (Hall 3).

- **Printing:** ELSEVIER B.V. will also provide a poster printing service upon payment (posters@ReedElsevier.com)

PRE-CONGRESS PREPARATION

It is essential that you send the following material by email to the ESMO Scientific Programmes Department (programme@esmo.org) no later than **Friday, 30 August 2019 (Monday, 9 September for LBAs and PR abstracts)**

- A complete copy of your **poster** (format: PDF or 1 PowerPoint slide). This should include a table, line drawings, photographs, a description of the methods, a summary of the findings and your conclusions.
- **2 to 4 slides maximum** outlining the salient points of your study. The ESMO Scientific Programmes Department will collate all poster contents and slides and forward them to the invited Discussants. They will then select the slides or group them as appropriate for their own presentation. Please note that Discussants may choose to directly copy and use slides you have submitted. Any sensitive or copyright material should be descriptive and included in the general content information.

Your cooperation in respecting these deadlines will allow Discussants sufficient time to prepare a thorough discussion of the subject and, if necessary, to contact you directly before the Congress concerning the data of your study. Minor changes may still be made to the onsite presentation as long as ESMO / the invited Discussant is aware of anything which may affect the invited Discussant's own presentation.

DISPLAY INFORMATION & SCHEDULE

- Please hang your poster **bearing the final publication number (FPN)** in the dedicated **poster discussion area** of **Hall 3** as per schedule below. Poster Discussion posters will be displayed for the duration of the whole Congress UNLESS under embargo (see details below).
