

INSTRUCTIONS FOR POSTER DISPLAY

GENERAL INFORMATION

The MAP Congress secretariat look forward to seeing your poster on display during the meeting and thank you in advance for your co-operation in following these guidelines:

- The size of the poster must be **185 cm wide** by a maximum of **94 cm high**. Presentation format is **horizontal**.
- An optimal lay-out of your presentation will attract the attention of other Congress participants. Text should be easy to read at a distance of 1 meter.
- You must include all material to support your presentation, such as tables, drawings, charts and pictures.
- Due to current scrutiny regarding financial transparency, **IT IS STRICTLY MANDATORY** that you dedicate a section of your poster to any conflict of interests you need disclose, even if to confirm that you have nothing to declare.
- QR (Quick Response) and/or AR (Augmented Reality) codes are allowed in the poster, However, although MAP Congress Secretariat accepts that these may go to a commercial/branded website, we suggest avoiding links to websites containing blatant product advertising. If you intend adding a QR to your poster, please add the following disclaimer notice: "Copies of this poster obtained through QR (Quick Response) code are for personal use only and may not be reproduced without written permission of the authors." Please also refer to the IMPORTANT NOTICE further down.
- If the study has received funding, this must also be acknowledged on your poster: "Study sponsored by..."
- At the bottom of the poster, please include your and/or the corresponding author **email address**. This will prove especially useful if another MAP 2019 delegate wishes to contact you about your work. Having copies of your material for onsite distribution is also a good means of communication.
- Please see <https://www.esmo.org/Conferences/Molecular-Analysis-for-Personalised-Therapy-Congress-2019/Programme> for schedule details.
