

Application to present a patient advocate's project at the 2020 ESMO Patient Advocacy Track

Organisation name

Contact details

Project description (max 10 lines)

What specific issue does your project address? (max 5 lines)

What are the project's results and its main impact on the patient and the cancer community? (max 7 lines)

Why is this project worth sharing? (max 5 lines)

How have you financed the project? Who are the partners? (max 5 lines)

Would you be able to provide the audience with a toolkit to replicate this project? (max 5 lines)

Are there any links to website, presentation, video, podcast, etc. featuring your project in English that you wish to share?
(max 5 lines)

Since the ESMO Congress' language is English, we kindly ask you to confirm that you are able and willing to present your project in English

YES []
