

$BRAF^{V600E}$ -mutant mCRC: **Spotlight on the patient journey**

ON-DEMAND FROM
MONDAY, 14 SEPTEMBER, 09:00 CET

Dear Colleagues,

It is our pleasure to invite you to this satellite symposium to be held as part of the ESMO Virtual Congress 2020.

During this meeting, an expert European panel will review and discuss the current and future treatment landscape for $BRAF^{V600E}$ -mutant mCRC and present a series of clinical cases that will consider the value of response, the various treatment options, and adverse event management in patients with $BRAF^{V600E}$ -mutant mCRC. We anticipate that this will be a highly informative and interactive symposium that will help in the understanding and optimal management of this aggressive disease.

We look forward to welcoming you at our virtual meeting.

Co-chairs: Professor Eric Van Cutsem and Professor Fortunato Ciardiello

Evolution of the treatment landscape: a review of the latest data in $BRAF^{V600E}$ -mutant mCRC
