

ESMO 2021 Industry Satellite Symposium

JANSSEN SATELLITE SYMPOSIUM ON EGFR-POSITIVE NSCLC

**Saturday
18 September 2021
18:45-20:15 CEST
Channel 4**

SCIENTIFIC COMMITTEE

**Keith Kerr
UK**

**David Planchard
FRANCE**

FACULTY

**Alexander Spira
USA**

**Johan Vansteenkiste
BELGIUM**

LEARNING OBJECTIVES

After attending this symposium, participants should be able to:

- Reflect on novel management paradigms for patients with EGFR+ NSCLC, who are resistant to EGFR-targeted therapies
- Evaluate new and emerging diagnostic and therapeutic options for EGFR exon 20 insertion mutations

This exciting session will be pre-recorded; however, you have the opportunity to submit your questions to the faculty during our live Q&A on **Saturday 18 September 2021, 19:45-20:15 CEST**.
