Requirements

The final polling questions must be submitted to industry@esmo.org by **29 October 2021** (no edits possible after this date) by using the [polling template](#) for Live Sessions. M Events will need satellite slot number, session name, date for unified allocation of questions.

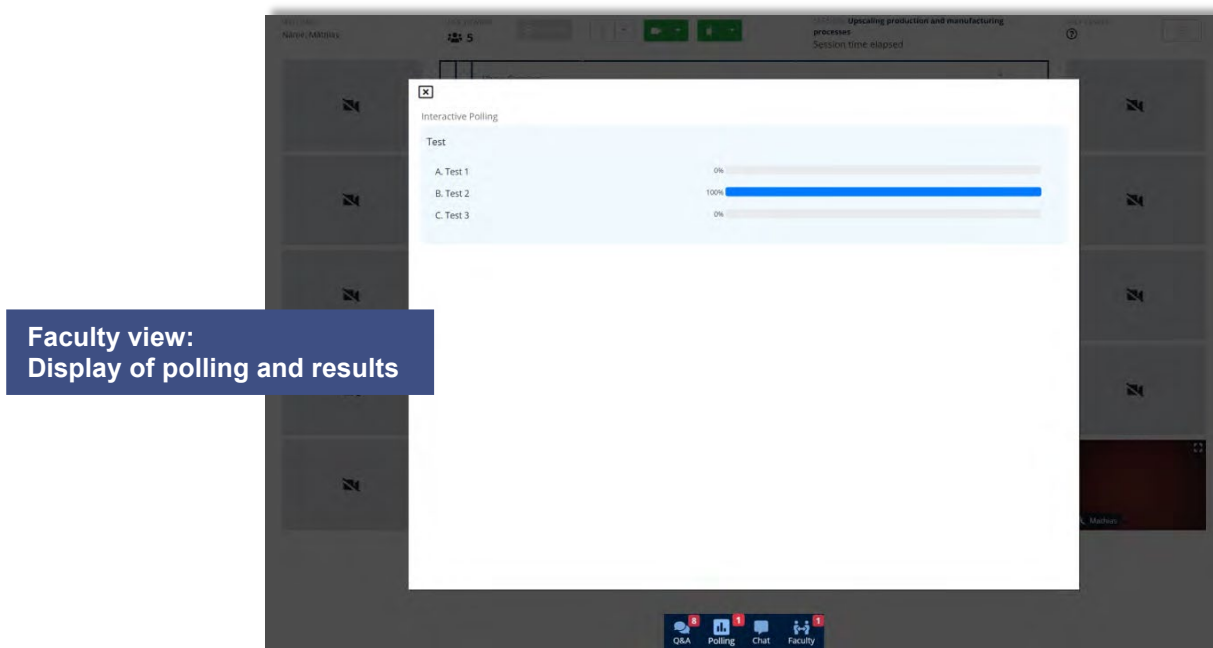

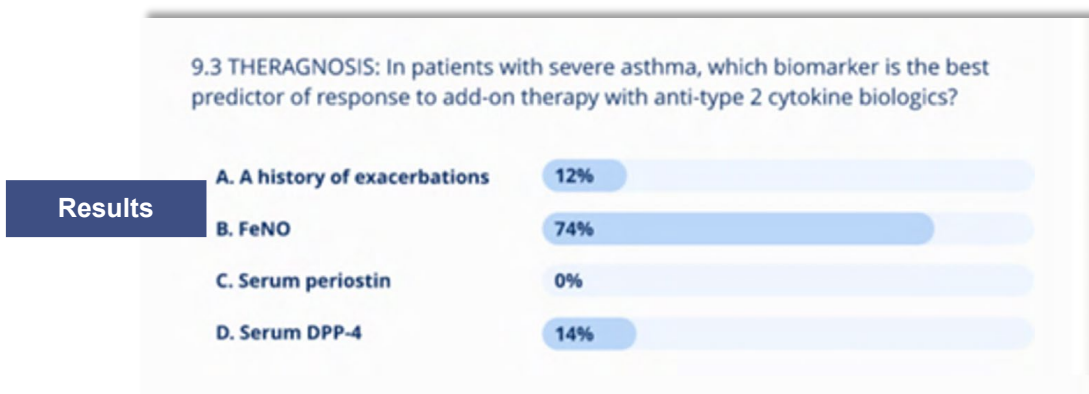

- Maximum of 3 questions per 30-minutes
- Available answers types:
 - Multiple-choice
 - Single select
- Multiple choice questions with max. 5 answer possibilities
- Highlight correct answer, if the single choice answer type has been chosen

Visibility

The questions of the polling will be embedded and visible underneath the livestream player for the audience, as well as the results (either they are displayed automatically or after release):

The image shows two screenshots of the ESMO Asia Virtual Oncology Week 2021 interface. The top screenshot displays a live session player for a session titled "EW010 - PK/PD in special populations: do we need to approach neonates, children and pregnant women differently?". The session is chaired by Nolan Everson and Emilia Dalo. The player includes a video of Arturo Casadevall (ITA) presenting on "Sepsis in low- and middle income countries: changing epidemiology and guidelines". Below the video, there are navigation options: "Presentation slides", "Questions & Answers" (3), "Access other live sessions" (8), "Interactive Polling", and "Evaluation". The bottom screenshot shows a polling question titled "Question 2 of 10" asking "What was your overall impression of the session?". The question has four radio button options: "Very good" (selected), "Good", "ok", and "Improvements needed". A "Submit" button is located below the options. A blue box labeled "Audience Overview" is visible on the right side of the question interface.

Activation

The activation is done by the M Events technician (timing agreed through the [polling template](#) for Live Sessions).

It is recommended to keep polls active at least for 2 – 5 min due to stream delays.

ESMO - European Society for Medical Oncology would like to thank all of our industry partners for their continued support at our events and we look forward to bring the best of the science together with you in our new virtual environment.
