

Off-the-shelf T-cell engaging therapies: the evolution of immuno-oncology in solid tumours

Friday, 10 December, 13.15-14.15 (CET), Room C

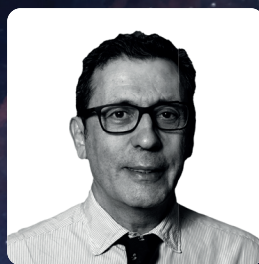

Daniel W. Lee
(Chair)

University of Virginia,
USA

**Alessandro
Rambaldi**

University of Milan,
Italy

**Luis
Paz-Ares**

National Cancer
Research Centre,
Spain

Welcome and introduction to T-cell engaging therapies

Daniel W. Lee

T-cell engaging therapies: leveraging haematological experience in the fight against solid tumours

Alessandro Rambaldi

Clinical trial experience using a Bispecific T-cell Engager (BiTE®) in solid tumours

Luis Paz-Ares

Clinical management of cytokine release syndrome (CRS) with T-cell engaging therapies

Daniel W. Lee

Panel discussion: Future perspectives on off-the-shelf T-cell engaging therapies in oncology
