

Treatment sequencing in HER2-positive metastatic breast cancer: from guidelines to clinical practice

Wednesday 4 May 2022, 13:00 – 14:00 CEST
Munich Hall (hub27, Berlin, Germany) and online

A roundtable discussion with:

Prof. Volkmar Müller
(Chair)
Hamburg, Germany

**Prof. Frédérique
Penault-Llorca**
Clermont-Ferrand, France

Prof. Miguel Martín
Madrid, Spain

Dr Alicia Okines
London, UK

Agenda

- 13:00** Introduction
- 13:05** Patient case study: how does treatment sequencing vary in local clinical practice across Europe for HER2-positive MBC?
- 13:20** Patient case study: how does local clinical practice vary for patients with brain metastases?
- 13:35** Q&A
- 13:40** Which local factors influence treatment sequencing for HER2-positive MBC?
- 13:45** Consistency of approach: how can we personalise and adapt treatment sequencing for patients with HER2-positive MBC?
- 13:50** Q&A
- 13:55** Summary and session close
