INTRODUCTION

The European Society for Medical Oncology (ESMO) and the International Association for the Study of Lung Cancer (IASLC) invite you to the 5th European Lung Cancer Conference (ELCC), 15-18 April in Geneva, Switzerland. We are pleased to announce that the European Lung Cancer Conference (ELCC) will become an annual meeting as of 2015 and most importantly—enlarge cooperation with some of the most important societies representing thoracic oncology specialists: ESMO and IASLC as conference organisers, and partner societies from the European Society for Radiotherapy & Oncology (ESTRO), the European Society of Thoracic Surgeons (ESTS) and the European Thoracic Oncology Platform (ETOP).

This partnership will ensure a truly multidisciplinary programme which will offer state-of-the-art education and practice-changing science for all participants; reinforcing the exceptional practice of lung cancer across Europe and beyond.

Attendee benefit:

- Lung cancer specialists from a wide range of disciplines will share information on the latest developments in basic, clinical and translational research
- Interaction between the audience and faculty will ensure that the data presented will be put into perspective for clinical practice. The format will include numerous clinical real-world decision questions
- Multidisciplinary Interactive Symposia will provide additional opportunities to interact with the faculty. Topics will focus on issues that clinicians face in their daily practice
- Specific sessions designated for certain oncology specialties while the overall conference highlights the need for multidisciplinary collaboration
- Lectures designed to analyse and effectively interpret the increasing amount of new clinical data available for multidisciplinary treatment decisions in patients with lung cancer and other thoracic malignancies
- Top expert faculty will do the best to determine the optimal roles of new diagnostics and therapeutics in clinical scenarios for the treatment of patients with early, locally-advanced and metastatic disease

Main themes include:

- Evolving role of surgery in metastatic disease
- Refining radiotherapy for lung cancer
- Expanding role of biomarkers for NSCLC
- Immunotherapy in our treatment paradigm
- Evolving ablative strategies in oncogene driven tumours
- Groundbreaking approaches in SCLC and mesothelioma

Exchange of scientific data and education of healthcare professionals treating malignant lung diseases is fundamental for research, practice and improvements in patient outcome. The ELCC 2015 meeting will be an excellent place to promote collaboration in thoracic malignancy research, share new ideas for projects and create new contacts.

ESMO PRIORITY LIST

The sponsorship point system has been designed to recognise sponsor investment in ESMO projects and sponsorship points are allocated in acknowledgement of each EUR 10,000 of sponsorship investment.

a. Accrued sponsorship points define the position of each company in the ESMO sponsors priority list. The priority list identifies companies that will be offered visibility at, and privileged within, events such as the ESMO Congress and related activities, for example satellite symposia, Industry display area space, hotel accommodation, etc.

b. When an equal number of points are held by 2 or more sponsoring companies, promotional opportunities will be assigned according to the monetary value of the requested opportunities.

c. ESMO nevertheless retains the right to privilege smaller emerging companies when their products are innovative and the Society feels that their participation in the event would be of benefit to delegates. When satellite symposia are assigned in relation to this clause, the company guarantees that the programme will not be presented elsewhere before the ESMO Congress. Furthermore, all sponsorship items assigned in relation to this clause are subject to specific terms and conditions.

d. Sponsorship points are cumulative, but expire at the end of the 24th month after which they have been allocated.

e. ESMO recognises the importance of long-term relationships. To this end, 2 points will be assigned to companies for their presence and loyalty on a yearly basis for a minimum of EUR 10,000 of support. The 2 points will not expire. However, for each calendar year during which a company has not been present (with any kind of support), the 2 points are deducted from the company’s record.

ELCC 2015 - INDUSTRY SATELLITE SYMPOSIA AND OTHER ACTIVITIES POLICY

Structure

1.0 Structure
Satellite symposia will take place from Wednesday, 15 April to Friday 17 April 2015. Details of available time-slots may be obtained by email from the ESMO Events Sponsorship Team (sponsorevents@esmo.org).

1.1 Satellite symposia programmes
All Satellite symposia programmes must be approved by the ELCC Scientific Committee with a view to ensuring the scientific quality and scope of such symposia within the framework of the Conference.

Companies are strongly encouraged to establish a programme in line with the general concept of the Conference scientific programme. Current ELCC policy encourages the avoidance of topic and/or statement repetition, and/or lectures which may be in conflict with what the ELCC Scientific Committee considers to be a proper, scientifically well-founded point of view.

ESMO and IASLC reserve the right to veto speakers. In order to ensure a greater diversity of opinion and scientific contribution, the ELCC Scientific Committee strongly recommends that a speaker presents at no more than one (1) Satellite symposium; however, if unavoidable, a speaker may be involved in a second satellite for a maximum of two (2) symposia during the Conference. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not. Any changes in the provisional or in the final programme must be forwarded immediately to the ELCC Scientific Committee (programme@esmo.org).

Each company is responsible for the registration of its own Satellite symposium speakers to the Conference. Registrations are not arranged by the ELCC Conference Secretariat.

Submitting an abstract to the ELCC Scientific Committee and the official Conference programme implies that the study reported therein will not be presented as such during the Conference at any Industry Satellite symposium and that it has not been presented elsewhere. Therefore, presenting an abstract certifies that it is not connected to any Industry Satellite symposia.

1.2 Applications
The ESMO Events Sponsorship Department will approach companies with a proposal to participate at ELCC 2015. At the Conference, Satellite symposia time-slots are assigned by sponsorship level and on a first come, first served basis.

1.3 Programme timeline and deadlines
On application Each company should inform the ELCC Conference Secretariat about the type of product(s) and the treatment area on which the Satellite symposium programme will be based.

19 January 2015 The proposed programme, including the title of the Satellite symposium and all presentations, the names of both proposed speakers and chairperson(s), must be submitted using the official ELCC programme template to the ELCC Conference Secretariat (programme@esmo.org).

06 February 2015 Notification by the ELCC Secretariat of the acceptance / rejection / request for modifications to the programme as decided by ELCC Scientific Committee.

27 February 2015 Receipt of the final programme for insertion in the programme book.

**Note:** Voting system
Companies interested in using a voting system can contact the ELCC Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)) in order to share costs, if feasible.

### 2.1 Technical and monitoring staff

One technical staff member and one hostess are assigned to each room. Additional hostesses can be booked through KTNM ([info@ktnm.com](mailto:info@ktnm.com)).
2.1.1 Alternative stage set-up, additional equipment and/or personnel

Owing to the limited set-up and dismantling time necessary between Satellite symposia, additional audiovisual equipment can only be ordered through the official supplier.

However, should a company wish to use its own technical supplier, the company must check in advance with Dorier that the proposed “Technical Requirements” of the Symposium are feasible and compatible with existing equipment. These requests must be communicated to Emilie.Deparis@dorier.ch no later than the 6 March 2015.

2.2 Food & Beverage areas

Requests for F&B functions should be addressed to the ELCC Secretariat (elcc@esmo.org), indicating the type of function (coffee break, cocktail, standing lunch, other) and number of guests. The assignment of F&B time-slots and areas will be processed on a first come, first served basis. Only when the time-slot and location are assigned will the company be given the contact details of the catering person responsible for their requirements and through whom they can place their orders. F&B functions should not last more than half an hour. Whether they can take place before or after the Satellite symposium will depend on the availability of the F&B area.

No food or beverages are allowed inside any of the auditoria. However an exception is made for water. Each company may offer water in plastic bottles to their Satellite participants. Of course, it is the responsibility of the company to clean the room after the session. If the organiser needs to intervene for cleaning purposes the extra costs will be charged to the company.

Please also note that any food items served in the congress centre must be purchased through the official catering service.

2.3 Duration of the Satellite symposium

All companies are obliged to respect the start and closure times of the Satellite symposia. Extensions beyond assigned time-slots are not allowed under any circumstances. Infringement of this regulation will affect the Sponsors priority list for future ESMO Conferences.

2.4 Installation, rehearsal and dismantling times

Six plenary rooms are used during the ELCC Conference therefore the set-up and dismantling times are extremely limited and must be respected in full. Please refer to the online programme to check the timing. For additional queries please contact the ELCC Conference Secretariat (elcc@esmo.org).

Rehearsal time may be available but is not guaranteed. Please contact the ELCC Conference Secretariat (elcc@esmo.org).

2.5 Invited speakers preview centre

Upon request, companies organising a Satellite symposium may use the invited speakers preview centre and follow the instructions that the ELCC Conference Secretariat prepares for its own speakers.

2.6 Industry satellite symposium Webcast and hosting rights

For ELCC 2015 we will have a brand new Conference Webcast Library where our conference attendees as well as our ESMO members will be able to catch up on all our educational sessions after the conference.

This platform will provide a unique opportunity for all satellite organisers to host their satellite webcast(s) directly in our library and make the content easily accessible to all our attendees and members.

If you are already an OncologyPRO (our official educational portal dedicated to oncologists) Sponsor, the hosting rights are free both inside OncologyPRO as well as in the ELCC 2015 Conference Webcast Library provided the filming/recording of your webcast was done by our official supplier: Webges.

To find out more on how to become an OncologyPRO sponsor or get advice on where to host it on this unique platform (if you already a sponsor) contact Katherine Baria (katherine.baria@esmo.org).

However, for those of you that are not OncologyPRO sponsors a yearly hosting fee applies.

This will of course not include recording/filming and any other editing – this will be at your own expense depending on the supplier used.

To receive more details on this hosting opportunity, contact sponsorevents@esmo.org
2.7 Satellite symposia contacts/representatives

Each company will provide the name of one person who will be responsible for the organisation of its Satellite symposium and notify the ELCC Conference Secretariat (elcc@esmo.org) as soon as possible about any changes.

If several people are responsible for various aspects (financial, organisational, etc.) of the symposium, the company must inform the ELCC Conference Secretariat accordingly. The ELCC Conference Secretariat strongly recommends, however, that only one (1) contact person is appointed.

If an agency is appointed to manage and organise the Satellite symposium, the company must inform the ELCC Conference Secretariat and provide the agency name and contact person details. Only official agency representatives will receive information material from the ELCC Conference Secretariat.

2.8 ELCC 2015 website and programme book

Approved Satellite symposia programmes will be published online in the Satellite symposia section of the ELCC programme and in the Conference programme book if they are received no later than the 27 February 2015. Satellite symposia programmes published in the ELCC programme book will follow the layout determined by the ELCC Conference Secretariat. The submission of the programme must follow the format of the ELCC template, which may be requested from programme@esmo.org.

The following details are necessary for inclusion in both programmes (online and book): session title, lecture titles plus allocated time for each presentation, full speaker names, affiliation and contact details.

2.9 Abstract presentation during the Conference

Each company must guarantee that studies reported in accepted abstracts will not be presented as such during the Conference at any industry-related Satellite symposia prior to its presentation during the official Conference programme.

2.10 ELCC Abstract Book

Abstracts related to satellite symposia are not published in the ELCC Abstract book.
3.0 Promotion of Satellite symposia and other activities

3.1 Publications and printed material
Invitations to the Satellite symposium, not larger than A4 format and not heavier than 30 grams, can be included free of charge in the Conference delegate bags (according to the sponsorship package ordered), provided that they are delivered in accordance to the shipment deadline and other instructions provided by the ELCC Conference Secretariat.

The ELCC Conference Secretariat suggests avoiding cultural or historical references in printed material and bears no responsibility should any such references cause offence.

Furthermore, the ELCC Conference Secretariat bears no responsibility towards the delegates for the display, promotion or sale of therapies or services, neither are the ELCC Conference Secretariat supporting those products or services for their sole promotion at ELCC 2015. However, the ELCC Conference Secretariat reserves the right to deny at any time the display, promotion or sale of products, therapies or services should these be against the generally accepted clinical approach. Promotion of unapproved therapies (by regulatory authorities) is regulated by the local and European laws and the ELCC Conference Secretariat bears no responsibility in case of a complaint based on such laws. Sponsoring companies are therefore advised to consult the Codes of Practice of their governing bodies for information and guidance on regulations around attendance at medical congresses. In all cases, sponsoring companies are responsible for ensuring that their promotion during ELCC 2015 is legally and ethically acceptable in Switzerland.

Each company will ensure that all company publications referring to Satellite symposia mention: "ELCC 2015 Industry Satellite Symposium" in order to avoid any confusion with the official scientific programme. For this reason, all companies must submit a copy of their final artwork before production gets underway. This must in turn be submitted for approval to the ESMO Events Sponsorship Department (sponsorevents@esmo.org) by the 27 February 2015.

Shipment instructions for “bag inserts” will be given upon approval.

GENERAL TERMS AND CONDITIONS

The following conditions of participation refer to the booking of any sponsorship product(s)/service(s) at the ELCC 2015 insofar as the contractual partners do not reach contrary agreements in writing.

Establishment of Contract
• Application for a sponsorship product(s)/service(s) is made by filling in and returning the sponsorship application form to ESMO.
• Only completed and signed application forms will be taken into consideration. By signing the sponsorship application form, the company accepts the conditions contained in the ELCC 2015 Industry Guidelines and any supplementary provisions.
• Confirmation of the allocation of any sponsorship product(s)/service(s) by ESMO in writing constitutes establishment of contract between the sponsoring company and ESMO.
• An invoice will then be sent by registered mail. The date of the assignment is considered to be the date of allocation. If the contents of the assignment deviate from the contents of the sponsoring company’s application, the contract is based on the assignment issued by ESMO unless the company objects in writing within two weeks after the date the assignment was sent.

Appointed Agencies
• Application for any sponsorship product(s)/service(s) must be submitted by the sponsoring company under whose name each sponsorship item is to be listed. Correspondence in this regard must be made exclusively between the sponsoring company and ESMO.
• Sponsoring companies should inform ESMO in writing which agency is appointed. Otherwise no request from agencies will be taken into consideration.
• It is not the role of any given agency to make initial enquiries or reservations with ESMO independently of the sponsoring company.
• The sponsoring company is responsible for communicating these regulations to its staff and its appointed agencies.
• This named agency cannot fully act as if it were the sponsoring company itself and the sponsoring company will continue to be held entirely responsible and accountable for activities organised in its name.

Procedure
• Send sponsorship application form. The ESMO Events Sponsorship Department will acknowledge receipt of your sponsorship application form and the assignment process will commence soon afterwards.

Assignment
• Will be done on a first come, first served basis (excluding the satellite symposia assignments). To ensure each sponsoring company has a chance to choose a suitable stand and satellite symposium slot, offers are valid for 48 hours (2 working days) unless the offer makes it clear that the opportunity is freely available. For this reason, please supply a reliable contact telephone number for an appropriate decision maker within the company.

Payment deadlines
Assignments will be cancelled automatically if the related cost has not been paid within the given time period. In such cases the cancellation fee will be applicable following the cancellation policy.

Terms of Payment
Payment is due within 30 days following the date of the invoice.

Cancellation Policy
The company cancelling its support after the official application has been accepted and the corresponding sponsorship package has been assigned will be liable to a 100% cancellation fee.

Administration fees/invoicing changes
Invoices will be addressed according to the invoicing data provided by the sponsoring company. Please note, if a billing change is requested (i.e. company name change or address change), an administration fee of 70 EUR (Excluding VAT) will be charged to the company.

Indebtedness
Payments not received by the first day of the start of the ELCC 2015 will be subject to a 10% penalty fee on the total sponsorship investment.
Refunds
Any refunds of deposits paid will be made after ELCC 2015 but not later than 31 December 2015. The sponsoring company will not be entitled to any interest that the organiser may have derived from deposits made. All bank charges, including sender’s and receiver’s charges, resulting from a refund related to cancellation or reduction of sponsorship will be at the charge of the sponsoring company.

Postponement or Abandonment
ESMO reserves the right to postpone the event including the exhibition, or to transfer it to another site, if unforeseen circumstances warrant such action. Should any contingency prevent the holding of the ELCC 2015 or any of its parts, ESMO cannot be held liable for any costs, expenses and damages (including, but not limited to direct or consequential damages, loss of opportunity, loss of use, or loss of revenue or profit) incurred in connection with the postponement or abandonment. Unexpected cancellation of the event: ESMO reserves the right to cancel without notice or compensation ELCC 2015 in the event of force majeure cases (e.g. strikes, riots, fires, flood, terrorist attacks, governmental actions and regulations, damages or other fatal occurrences). In such cases, ESMO is not liable for failure to perform any obligation hereunder but will reimburse any payments received from the sponsoring company less any costs incurred while preparing the event.

Limitation of Liability of ESMO
ESMO shall not be liable for any damages, dispute or injury arising out of or in connection with the performance of this Agreement unless caused by wilful act, gross negligence or default of an employee, director, representative or contractor. Nor shall ESMO be liable to the sponsoring company for any indirect or consequential loss, damages, claims or demands arising out of this Agreement, including without limitation any economic loss or other loss of income, profits, business, opportunity, reputation or goodwill.

Bankruptcy or Liquidation
In case the sponsoring company becomes bankrupt or enters into liquidation other than for the purpose of restructuring or merger, or has a receiver appointed, ESMO shall be at liberty to terminate immediately the contract with the sponsoring company, to cancel the allocation of sponsorship product(s)/service(s) to the company and to forfeit all sums paid by the company.

Security and Insurance
Neither ESMO nor its contractors shall be responsible for the safety of any exhibit or other property of the sponsoring company or any person. Furthermore, ESMO nor its contractors shall be responsible for the loss, theft, damage or destruction by any cause of the exhibits or other property, or for loss, damage or injury sustained by any exhibits or any other persons. The sponsoring company/exhibitor shall indemnify ESMO and its contractors to third persons, as a result of any act or omission of the company, its staff, agent or personnel hired on a temporary basis. As ESMO and its contractors will accept no responsibility for any of the foregoing matters, the sponsoring company should acquire his/her own insurance against any risk of loss due to theft or negligence, damage, injury or liability. The sponsoring company agrees not to pursue ESMO for any previously listed risks.

Enforcement of Rules
Applies equally to all. All companies investing in sponsorship at ELCC 2015 must comply with all rules and policies established by ESMO.

Violation Procedure
The procedure for policing and enforcing the violation is as follows:
When noticing a violation, ESMO staff will ask the company to correct the situation according to the applicable regulations.
If the company refuses to comply, ESMO staff will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant sponsoring company will be invited to present the company’s view, after which the Committee will give its opinion.
This will be confirmed in writing after ELCC 2015. Appeals may be made to the ESMO Management.

Penalties
• First violation: No accrual of points for the year.
• Second violation: No accrual of points plus the loss of all accrued points to date.
• Third violation: No right to participate at the next ESMO event.
Claims Procedures, Place of Performance and Jurisdiction
All claims by the company booking any sponsorship product(s)/service(s) against ESMO must be in writing. The maximum time lapse is 1 month from the closure of ELCC 2015. Agreements which deviate from these conditions or from the supplementary regulations must be in writing; facsimile signature suffices. The contract is governed exclusively by Swiss law; the English text is authoritative.

Non-smoking policy
ELCC 2015 is a non-smoking event.

Final Clause
In cases not covered by the regulations in these Industry Guidelines, ESMO interpretation shall be final.
