

Navigating Treatment Decisions in Advanced NSCLC: Update on Molecular Testing and New Targeted Treatment Options

Friday, 9 September 2022
10:15 – 11:45 CEST

7.3.Q - Quimper Auditorium, Hall 7, Level 7.3
Paris Expo Porte de Versailles, Paris, France

FACULTY

CHAIR

Julien Mazières, MD, PhD

Toulouse University Hospital
Institut Universitaire du Cancer
Toulouse, France

Florian Länger, MD

Hannover Medical School
Hannover, Germany

Natasha B. Leighl, MD, MSc, FRCPC

Princess Margaret Cancer Centre
Toronto, ON, Canada

Johan Vansteenkiste, MD, PhD

Leuven University Hospital
Leuven, Belgium

AGENDA

- 10:15 Welcome, introduction and warm-up quiz
Julien Mazières, MD, PhD
- 10:22 Fine-tuning molecular profiling in advanced NSCLC
Florian Länger, MD
- 10:38 Update on new targeted treatment options for patients with specific NSCLC subtypes
Natasha B. Leighl, MD, MSc, FRCPC
- 10:54 Tackling resistance to targeted therapy
Johan Vansteenkiste, MD, PhD
- 11:10 Treatment decision-making: An interactive case discussion
Julien Mazières, MD, PhD
- 11:25 Quiz questions revisited
Julien Mazières, MD, PhD
- 11:33 Q&A
- 11:43 Pearls for practice
Julien Mazières, MD, PhD
