

ESMO 2022 Industry Satellite Symposium

Expert review and opinions on the potential of oral SERDs for our patients with HR+ breast cancer

Monday 12 September 2022, 13:00–14:30 CEST

7.3.Q - Quimper Auditorium, Hall 7, Level 7.3,
Paris Expo Porte de Versailles, Paris, France

Please join us for an interesting discussion and interactive session around how novel oral SERDs might impact the treatment of our patients with HR+ breast cancer.

We look forward to seeing you in Paris or via the live stream!

Programme

Welcome and introduction	Prof. Nicholas Turner, UK
What are oral SERDs and why do our patients need them?	Dr Komal Jhaveri, USA
What have we seen from oral SERDs and what could they mean for our patients in future?	Dr Aditya Bardia, USA
What is next for patients with HR+ disease?	Prof. Nicholas Turner
Q&A and discussion	All
Close	Prof. Nicholas Turner
