1. INTRODUCTION

Each satellite symposium will have a dedicated virtual space to upload satellites-related materials, session information, disclaimer, speakers biographies and pictures, share links and also interact with the delegates via the Questions & Comments function. Log-in details for accessing the virtual platform backend to upload satellites-related materials will be sent to each company representative on **26 July 2022**.

The deadline to upload all the content is **24 August 2022**.

2. SIGN IN

The person responsible for the organisation of the satellite symposium (named “convenor” in the backend) will receive the backend access link and should follow the next steps:

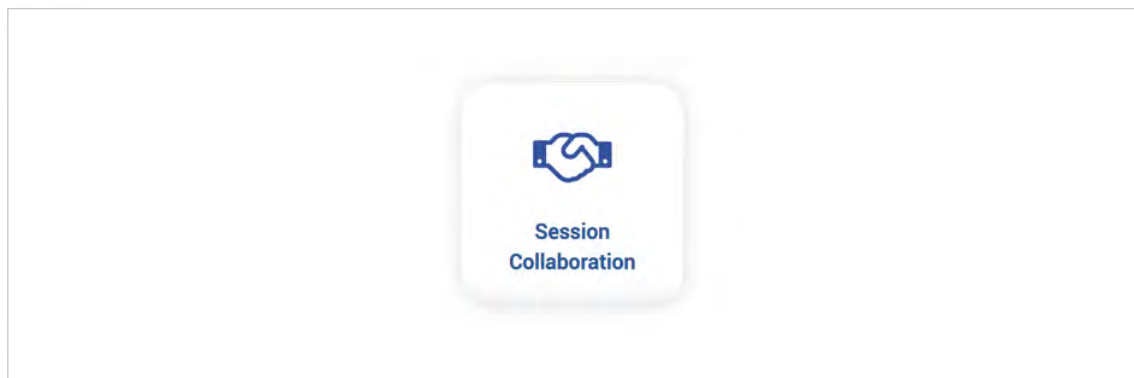

- Please click on the access link, that will be shared via email
- Enter your credentials*
- Click on “Sign in”

A mockup of a 'Sign In' form. At the top, it says 'Sign In' followed by 'Online. Onsite. Ongoing.' Below this is the instruction 'Use your account to sign in'. There are two input fields: 'E-Mail' and 'Password'. The 'E-Mail' field has a placeholder text 'E-Mail'. The 'Password' field has a shield icon on the left. Below the password field is a checkbox labeled 'Remember me?'. At the bottom, there are two buttons: a green 'Sign in' button and a grey 'Forgot password?' button.

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2022 design.

*If you forgot your password, click on Forgot Password to receive an email with a link to reset your password. Please make sure to check your junk/spam folder, if you don't find the email in your inbox.

Upload Presentation
After giving consent, the convenor can start the content upload process

Upload

In the next steps, you will supply all necessary information for your programme content. Please upload your files by following the conditions hereunder:

Conditions

Sponsors and presenters hereby grant ESMO the right to use their presentation slides and audio/video uploads (including the Live Q&A slot) given during ESMO 2021, on the ESMO and OncologyPRO websites, on ESMO approved third-party websites (possibly with ESMO validated translation), and to use their name in connection therewith. This release does not prevent companies from making full use of the materials or information contained in their presentation(s).

In addition:

- Patient anonymity: No patient names or any other information allowing the identification of a patient must appear in the presentation material. Patient anonymity must always be guaranteed.
- Copyright reserved material: It is the company's responsibility to ensure that each part of the slide show (figures, tables, images, etc.) is free of any third-party rights and is cited correctly.
- Advertising of products is prohibited: Companies must ensure that their presentation(s) provide objective information based on scientific methods generally accepted in the medical community and is free of commercial bias.
- Companies must be sensitive to diversity and ensure that their presentation(s) are free from any content (whether oral or visual) that may be perceived as discriminatory or derogatory.

Data Content

Sponsors and presenters hereby agree that they are responsible for the information they provide to ESMO in connection with their Industry Satellite Symposium and any related video interviews, and ESMO's publication of it will not violate the intellectual property or privacy rights of any third party.

Upload

Once the file has been uploaded and the system has automatically checked the files (this process might take some minutes depending on the traffic and the size of the content), you will be able to get a preview of how your content will appear. A notification will appear in case of any blocking issue with your file(s), e.g. missing video files or corrupt presentation files.

Please also note that the maximum size for each uploaded file is 5.0 GB.

Please make sure to use the latest possible browser version of Google Chrome, Apple Safari, Mozilla Firefox or Microsoft Edge to have the best upload experience.

☐ I confirm to have the right to upload the content files on behalf of the sponsoring company (including speakers' biographies and pictures)

Upload content

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2022 design.

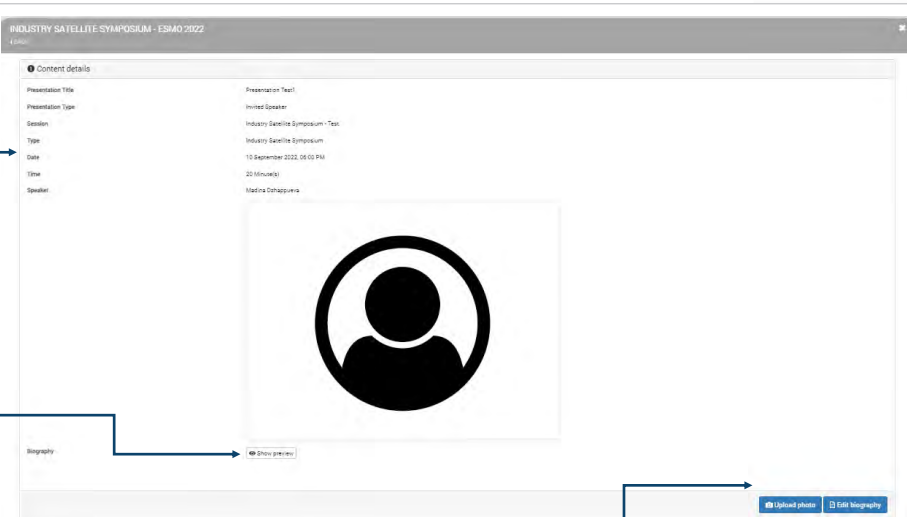

4. UPLOAD OF SPEAKERS' BIOGRAPHIES AND PICTURES

In the satellite symposium dedicated virtual space backend, companies may upload their speakers' biographies and pictures (before collecting their consent).

IMPORTANT NOTE:

Please upload unbranded speakers' pictures and be aware that ESMO and speakers have the right to change both the pictures and biographies whenever needed (as the speaker's profile applies to the whole platform).

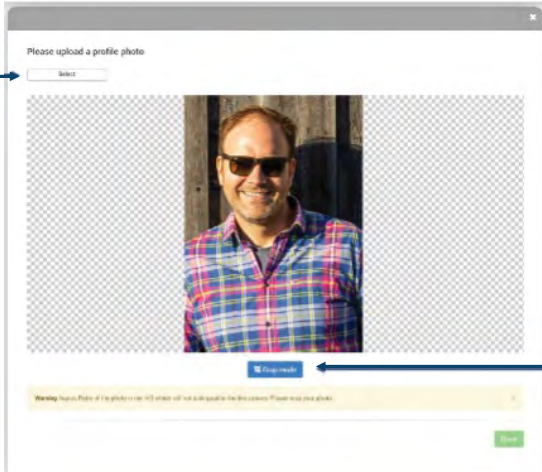

Once logged in, please go into the details of a presentation and click on "Upload photo" or "Edit biography".

The screenshot shows a web form titled "BIOGRAPHY" with a close button in the top right corner. Below the title is a checkbox labeled "Share the biography on the programme" which is checked. Underneath is a text area labeled "Biography" with a rich text editor toolbar above it. The toolbar includes a "Format" dropdown, bold (B), italic (I), underline (U), bulleted list, numbered list, link, unlink, image, table, and source code icons. The text area contains the placeholder text "test test test". A blue callout box with white text points to the text area, stating: "Please add the biography of the speaker (max. 1000 characters, incl. spaces)". At the bottom right of the form are two buttons: "Show preview" and "Done".

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2022 design.

IMPORTANT NOTE:

Please note that convenors will not be able to add pictures nor biographies for co-chairs and/or co-speakers via the backend directly. In this specific case, please send the files to industry@m-events.com

Can any of the chairs explain the differences with nivolumab vs atezolizumab in neoadjuvant setting?

Firstname Lastname

It is hard to say that they are different or not as we are doing cross trial comparisons which had different number of injections
