

THE HIGHS AND LOWS OF BREAST CANCER TREATMENT

An interactive case-based discussion

DATE:

Sunday 11
September 2022

TIME:

18.30 – 20:00
CEST

LOCATION:

7.3.U-Urval Auditorium,
Hall 7, Level 7.3
Paris Expo Porte de Versailles,
Paris, France

Join our expert panel of speakers as they:

- Provide a comprehensive, balanced education on the current standard of care treatments for the three key subtypes of breast cancer
- Discuss the potential impact of newly released data on current classification of breast cancer subtypes and subsequent treatment patterns
- Review how ongoing studies may further impact the breast cancer treatment paradigm

18:30 – 18:35 CEST

Welcome and introductions

Judy King (Chair), Royal Free London NHS Foundation Trust, UK

18:35 – 19:00 CEST

Rethinking TNBC: Treatment strategies and sequencing
