UPLOAD OF YOUR PRESENTATION

Pre-Congress upload:

The slides which will accompany your presentation **must be uploaded** to the ESMO portal no later than **Monday, 31 October 2022 (Wednesday, 9 November for LBA presentations)**. Instructions for the upload to the ESMO portal will be sent in due course.

Your cooperation in respecting this deadline will allow the Discussant sufficient time to prepare a thorough review of the subject and, if necessary, to contact you directly before the Congress concerning your data.

Should any MAJOR changes be necessary after the upload on Monday, 31 October 2022, it will be possible to reupload an updated version, informing the [ESMO Scientific Programmes Department](#) that a new slide deck is available.

Based on the presentation outcome you received, please include in your PowerPoint:

- **PROFFERED PAPER**: recommended max 12 slides (for 10/12 mins presentation)
- **MINI ORAL**: recommended max 6 slides (for 5 mins presentation)

- Presentations cannot be uploaded directly on laptops in the session rooms.
- Personal laptops cannot be used in the session rooms.

PREPARATION OF YOUR PRESENTATION

- We strongly recommend the use of the [official ESMO Asia 2022 slide template](#). Should you choose your own, kindly note that Speaker presentations must not include any commercial promotion such as the use of sponsor slide templates, logos, branding or colours, or any identifiable slide templates from other medical conferences.
- Due to current scrutiny regarding financial transparency, it is strictly mandatory that you include a disclosure slide at the start of the presentation, even if only to confirm that you have no conflicts of interest to declare.
- It is required that your presentation strictly adheres to the given presentation talk time, as stated in the [programme](#).
- Presentation must be prepared in Microsoft-PowerPoint(*pptx), in **16:9 format, landscape orientation**.
- Videos can be linked or embedded. Please remember to upload your video files separately if you are using PowerPoint 2007 or older versions, as they cannot be embedded into the presentation.
- Mac KeyNote presentations cannot be accommodated.
- Use high-contrast lettering, and not too much text per page (max. 10 lines or 15-20 words). Make sure that you use high contrast colors for the best definition of your text.
- Visual material supports your lecture and should not be the transcription of it.
- To avoid any compatibility problems, please do not use special characters (i.e. ", Ö, Ø, ñ, ®, ý, etc.) and please do not use spaces to name your presentation or movie files.

- QR (Quick Response), AR (Augmented Reality) and text key codes are allowed. However, although ESMO accepts that these may go to a commercial/branded website, we suggest avoiding links to websites containing blatant product advertising. If you intend adding a QR, AR or a text key code to your PPT, please add the following disclaimer notice: *"Copies of this presentation obtained through QR, AR and/or text key codes are for personal use only and may not be reproduced without written permission of the authors".*

PRESENTATION CONTENT

All material used in your presentation will remain your property; however, you are required to allow your slides to be included in the ESMO Asia Congress 2022 virtual platform, on the ESMO and OncologyPRO websites, and on ESMO approved third-party websites* (possibly with ESMO validated translation).

*Your webcast presentation may be made available as part of an educational package of ESMO Asia Congress 2022 material sponsored by pharmaceutical companies for their own distribution post-event.
