INDUSTRY SATELLITE SYMPOSIA

1 SATELLITE SYMPOSIA GENERAL INFORMATION

Satellite symposia will take place from 6 to 8 March 2023. Details of available slots may be obtained by email from the ESMO Strategic Partnership Department (jon.roberts@esmo.org or anna.macdougall@esmo.org).

1.1 Satellite Symposia Programmes

All satellite symposia programmes must be approved by the ESMO TAT 2023 Scientific Committee **prior to any invitations** with a view to ensuring the scientific quality and scope of such symposia within the framework of the Congress.

Companies are strongly encouraged to establish a programme in line with the general concept of the Congress scientific programme. Current ESMO TAT 2023 policy encourages the avoidance of topic and/or statement repetition, and/or lectures which may be in conflict with what the ESMO TAT 2023 Scientific Committee considers to be a proper, scientifically well-founded point of view.

ESMO is working to ensure diversity amongst presenters, and companies are also highly encouraged to consider both gender and nationality balance when selecting satellite Chairs and speakers.

ESMO reserves the right to veto speakers. In order to ensure a greater diversity of opinion and scientific contribution, the ESMO Executive Board recommends that a speaker presents at no more than one (1) satellite symposium. However, if unavoidable, a speaker may be involved in a second satellite for a maximum of two (2) symposia during the Congress. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not.

In accordance with the ESMO Organisational Regulations, the following ESMO Officers are not allowed to participate (either as a Chair or Presenter) in any satellite symposium: Congress Scientific Co-Chairs, Cancer Medicines Committee Chair, Compliance Committee Chair, Educational Committee Chair, Guidelines Committee Chair, Editors-in-Chief of ESMO Journals, Deputy Editors-in-Chief of ESMO Journals, ESMO-Magnitude of Clinical Benefit Scale Working Group Chair. All other ESMO Executive Board and Council members may participate in a maximum of two industry satellite symposia subject to approval by the ESMO Executive Board. This restriction does not apply to ESMO Colloquia. Details of the ESMO Council may be found via: www.esmo.org/About-Us/Who-We-Are/ESMO-Council.

The ESMO TAT 2023 Scientific Committee Co-Chairs are also not allowed to participate in any industry sponsored satellite symposium. This restriction does not apply to ESMO Colloquia.

Any changes to the provisional or the final programme must be forwarded immediately for re-approval to the ESMO Scientific Programmes Department (programme@esmo.org). After the outcome notification, only minor changes will be taken into consideration.

Submitting an abstract to the ESMO TAT 2023 Scientific Committee and the official Congress programme implies that the study reported therein will not be presented as such during the Congress at any Industry Satellite symposium and that it has not been presented elsewhere. Therefore, presenting an abstract certifies that it is not connected to any Industry Satellite Symposia.

Each company is also responsible for the registration of any satellite symposium speakers who are not participating in the official ESMO TAT 2023 programme. Registrations are not arranged by ESMO. Queries may be sent to the ESMO Registration Services Unit (exhibitors@esmo.org).

1.2 Programme submission deadlines

On application	Each company should inform ESMO about the type of product(s) and the treatment area on which the satellite symposium programme will be based.
18 January 2023	Deadline for receipt of the programme proposals. The proposed programme, including symposium title, presentation titles, names and full contact details of proposed speakers and chairpersons, must be submitted to the ESMO Scientific Programmes Department (programme@esmo.org) using the official Congress programme template.
25 January 2023	Notification of acceptance / rejection / request for modifications to the programme as decided by the Scientific Committee. After that only minor changes will be taken into consideration.

Notes:

1. The above timeline has been established to give all sponsors equal opportunities to invite preferred Speakers and late submission of programme proposals cannot delay the overall approval process. Sponsors who do not adhere to the deadline risk not being able to invite preferred Speakers if they have already been confirmed for other satellites in accordance with this schedule.
2. It will be the responsibility of Speakers who have been nominated for more than two satellites to choose which to accept.

Please note that ESMO can act as a provider of sponsored educational satellite symposia, offering companies the benefit of the society's experience and knowhow to develop a truly independent symposium. If you are interested in receiving more information about ESMO Colloquia, please contact programme@esmo.org

1.3 Applications

The ESMO Strategic Partnerships Department will approach companies with a proposal to participate at the ESMO TAT 2023. At the Congress, Satellite Symposia slots are assigned by sponsorship level and on a first come, first served basis.

2 SATELLITE SYMPOSIA

Symposium N°	Time	Location	Capacity	Stage/Podium
1	13:45 – 14:45	Amphitheatre Bordeaux	650	Yes

Tuesday, 7 March 2023

Symposium N°	Time	Location	Capacity	Stage/Podium
2	14:00 – 15:00	Amphitheatre Bordeaux	650	Yes

2.2 Technical equipment

Room	Projector	Laptop	Screen	Camera	Laser pointer	Microphones		
						Lectern	Panel	Floor
Amphitheatre Bordeaux	7K lumens laser HD	1	1	1	-	2	2	2

Note: Voting system

Companies interested in using a voting system can contact the ESMO TAT 2023 Secretariat (meetings@esmo.org) no later than 3 February 2023.

2.3 Technical and monitoring staff

One technical staff member and one hostess are assigned to each room. Please note that badge checkers are not provided for satellite slots. If you require this service, it will need to be booked separately. Please contact the ESMO TAT 2023 (meetings@esmo.org).

2.4 Alternative stage set-up, additional equipment and/or personnel

Owing to the limited set-up and dismantling time necessary between satellite symposia slots (15 minutes) and official programme, change of setup is not allowed.

Additional audio-visual equipment should only be ordered through the official supplier. Please contact the ESMO TAT 2023 Secretariat (meetings@esmo.org) for more information.

However, should a company wish to use its own technical supplier, the company must check in advance with Palais des Congrès that the proposed “Technical Requirements” of the Symposium are feasible and compatible with existing equipment. These requests must be communicated to Mrs. Anne-Sophie Cloarec no later than the 3 February 2023.

2.5 Session rooms lectern

Kindly be informed that the lectern can be branded. It is very important that the ESMO TAT 2023 graphic will not be ruined, therefore, considering also the limited set-up and dismantling times, ESMO suggests you create a graphic which can easily be removed (e.g. forex panel to be placed against the lectern). The company is responsible for printing and hanging the graphic. We recommend to print through the Palais des Congrès.

The size of the signage covering the furniture is the following:

	Dimensions
Lectern	0.60m long 1.11m high

2.6 Lectern laptop usage

Kindly be informed that the following regulations will apply to the onsite laptop at the lectern in the assigned room:

- The laptop **cannot** be removed or un-cabled from the lectern
- It is strictly forbidden to upload any presentation on the laptop using a USB key
- No laptop set-ups can be changed

2.7 Lead System / Badge Scanner

The ESMO TAT 2023 Lead Retrieval System is a fast and easy way to record visitors' contact information. By simply scanning a visitor's name badge with the supplied scanner, that contact is entered into your own visitor database, including all relevant product information or comments which have been added to these visitors' profiles beforehand. Following the event, approved visitors' address data can be provided in printed form or as a MS Excel file, or made available with proper access rights through an online platform. Further details are available in the Lead System brochure and order form on the ESMO website.

Badge scanners shall be ordered through the official supplier CTI Meeting Technology at leadsystem@ctimeetingtech.com

2.8 Food & Beverage areas

No food or beverages are allowed inside of the auditorium, however, an exception is made for water. Each company may offer water in plastic bottles to their Satellite participants. Of course, it is the responsibility of the company to clean the room after the session. If the organiser needs to intervene for cleaning purposed the extra costs will be charged to the company.

However, the Satellite organisers are welcome to support the official coffee breaks and lunches that are foreseen close to your selected timeslot. Any request should be addressed to the ESMO TAT 2023 Secretariat (meetings@esmo.org).

Please also note that any food items served in the Congress centre must be purchased through the official catering service.

2.9 Duration of the satellite symposium

All companies are obliged to respect the start and closure times of the satellite symposia. Extensions beyond assigned time slots are not allowed under any circumstances. Infringement of this regulation will affect the sponsors priority list for future ESMO Congresses.

2.10 Installation, rehearsal and dismantling times

The set-up and dismantling times are extremely limited and must be respected in full. Please refer to the online programme to check the timing. For additional queries please contact the ESMO TAT 2023 Secretariat (meetings@esmo.org).

Rehearsal slots are free of charge (max. 30-minutes slot per Satellite Symposium) and can be requested via the ESMO TAT 2023 Secretariat (meetings@esmo.org).

However, please note that:

- Rehearsal slots are not guaranteed
- Rehearsals will be assigned on a first-come, first-served basis
- Rehearsals may only be booked upon request and availability

Any request for rehearsals should be sent to the ESMO TAT 2023 Secretariat (meetings@esmo.org).

2.11 Invited speakers preview centre

The companies organising a satellite symposium must use the invited speakers preview centre and follow the instructions that the ESMO TAT 2023 Secretariat prepares for its own speakers.

The usage of the speakers preview centre includes:

- Direct PPT upload from the speakers preview centre to the Satellite Symposium room
- Support for the speakers/uploader in the speaker preview centre regarding the upload and management of the PPT presentations
- Stage assistant

IMPORTANT: please inform the TAT Congress Secretariat meetings@esmo.org by **10 February 2023** to communicate the name of the designated representative that will be allowed to access the speaker centre and will be assisted in the upload of presentation(s) by our technicians.

2.12 Presentation material

Please note that the presentations must be prepared in **PowerPoint** 2010, 2013 or 2016 (MS Windows) and provided on an **USB-removable drive**. Set the slide size to “**Widescreen 16:9**” and **landscape orientation**.

2.13 Onsite faculty expenses

Travel:

It is the sponsor’s responsibility to cover the travel expenses (flight/train/car) for all speakers and chairs participating in their satellite symposium, regardless of whether or not they are also invited to participate in the official ESMO TAT 2023 programme.

Speakers will be instructed to claim flight/train/car reimbursement directly from the sponsor and will be notified that by participating in an industry satellite symposium, they are not eligible for any travel reimbursement from ESMO.

Accommodation:

Speakers in the official ESMO TAT 2023 programme will be accommodated in the Faculty headquarters hotel. Depending on their speaker role(s) in the official programme, the remainder of their stay will be covered on a private basis. Speakers who are not participating in the official ESMO TAT 2023 programme must be accommodated by the sponsor.

2.14 Satellite symposia contacts/representatives

Each company will provide the name of one person who will be responsible for the organisation of its satellite symposium and notify the ESMO TAT 2023 Secretariat (meetings@esmo.org) as soon as possible about any changes.

If several people are responsible for various aspects (financial, organisational, etc.) of the symposium, the company must inform the ESMO TAT 2023 Secretariat accordingly. The ESMO TAT 2023 Secretariat strongly recommends, however, that only one (1) contact person is appointed.

If an agency is appointed to manage and organise the satellite symposium, the company must inform the ESMO TAT 2023 Secretariat and provide the agency name and contact person details. Only official agency representatives will receive information material from the ESMO TAT 2023 Secretariat.

2.15 Post-Congress hosting

From 10 March 2023, the official sessions, where permission is granted, will also be added to OncologyPRO. This platform will provide a unique opportunity for all satellite organisers to host their on-demand satellite session(s) directly in our library and make the content easily accessible to all our attendees and members.

Post-congress, the hosting will be handled as follows:

- OncologyPRO Sponsors satellite symposia will be hosted on OncologyPRO for 2 years
- Non-OncologyPRO Sponsors satellite symposia will be hosted free of charge on the ESMO Meetings Library for 6 months

To find out more on how to become an OncologyPRO sponsor contact Jon Roberts (jon.roberts@esmo.org) or Anna McDougall (anna.mcdougall@esmo.org).

Editing of the ESMO Satellite Symposia after the live event should have as sole purpose the curation of the event flow in order to optimise the On Demand use. Such editing should respect, and restrict any modification of, the original content, discussion and contributions conveyed by the speakers, discussants and audience participating in the live event.

2.16 Webcast

- Companies may request the recording file of the full session to CTI. The result of the recording will be one .mp4 file.
- Please note that the reception of the live webcast of the full session / webcast is **not** included in the sponsorship package. This service must be requested to CTI (tat@support.ctimeetingtech.com) by **10 February 2023**.

2.17 General metrics

Complete metrics will be available after the congress.

3 ADDITIONAL INFORMATION

For this reason, all companies must submit a copy of the final publication to meetings@esmo.org and respect the following deadlines:

3 February 2023

Daily Reporter Banners

3 February 2023

Satellite Invitation Weblink, Onsite Satellite Poster and bag insert for approval

ESMO TAT 2023 secretariat suggests avoiding cultural or historical references in printed material and bears no responsibility should any such references cause offence.

Furthermore, ESMO TAT 2023 secretariat bears no responsibility towards the delegates for the display, promotion or sale of therapies or services, neither are ESMO supporting those products or services for their sole promotion at ESMO TAT 2023.

However, ESMO TAT 2023 secretariat reserves the right to deny at any time the display, promotion or sale of products, therapies or services should these be against the generally accepted clinical approach. Promotion of unapproved therapies (by regulatory authorities) is regulated by the local and International laws and ESMO TAT 2023 secretariat bears no responsibility in case of a complaint based on such laws. Sponsoring companies are therefore advised to consult the Codes of Practice of their governing bodies for information and guidance on regulations around attendance at medical congresses. In all cases, sponsoring companies are responsible for ensuring that their promotion during the congress is legally and ethically acceptable in Switzerland and France.

4.2 Reproduction of logos

Each company is entitled to use the official logo of ESMO TAT 2023 on invitations and promotional documents related to the approved Satellite symposium.

Companies are not allowed to use the ESMO TAT 2023 logo under any circumstances.

The ESMO TAT Secretariat (meetings@esmo.org) will provide the ESMO TAT 2023 logo as an electronic file upon request, but not before the draft of the invitation or other promotional material is submitted for approval.

4.3 Inviting participants – Satellite Invitation Weblink

Inviting participants to your satellites has never been this easy and effective! Within each satellite package we allow our Industry Partners to showcase their satellite(s) via a digital satellite invitation weblink whereby we invite delegates to find out more about your session(s).

In the ESMO TAT 2023 E-Newsletter there will be a dedicated Industry E-News section whereby all these digital invitations will be grouped. These invitations will also be included in our online programme to further increase awareness.

From the **14 February 2023** your satellite invitation weblink will go live (this will be subject to prior submission before the **10 February 2023** deadline and subsequent approval by the ESMO Secretariat). The ESMO TAT Congress 2023 E-Newsletter will be sent out to all registered delegates in **February 2023**.

Rules and Regulations:

ESMO reserves the right to refuse requested Weblinks should any web page be deemed to conflict with ESMO ethics or interests.

- A weblink is a **A4 page** or pdf, created by the sponsoring company, highlighting their satellite symposium.
- The content of the weblink message must not make any statements about the quality or virtues of a sponsoring company and/or any of the company's product(s) either via text or visuals.

- This page must not include links, hyperlinks, hot-spots or any means through which the advert can be linked to another site. There will be no exceptions made to this rule
- The weblink may consist of more than 1 virtual page, due to its’ online nature, however no more than 2 pages can be included per weblink
- Under no circumstances may “Flash files” be allowed
- Any requests for content or structure change/amendments after the weblink has been linked to the appropriate listing will not be actioned
- To ensure that the ESMO TAT 2023 logo is properly protected, ESMO has defined guidelines for its use, which permit the use of the Congress logo under specific conditions

The web page will only be linked once ESMO TAT 2023 secretariat approval is confirmed and the payment for the sponsorship package is received.

4.4 Congress Bag

Depending on the chosen sponsorship package there is a possibility for companies to have a Congress Bag Insert within the Congress Bag. Artwork should not be larger than A4 format and not heavier than 30 grams. Shipment and delivery instructions provided by TAT Secretariat must be respected.

Artwork should be submitted to meetings@esmo.org by the **10 February 2023** for evaluation. Shipment instructions for “bag inserts” will be given upon approval. TAT Secretariat accepts no responsibility for programmes which are submitted late.

Companies are entitled to bring one roll-up poster for each entrance of the assigned room and place it only 30 minutes before the start of the satellite symposium. Roll-ups must be removed at the end of the session.

The display of posters is forbidden in other areas of the Congress centre other than on the designated poster boards, throughout the Congress period. GENERAL TERMS AND CONDITIONS

The following conditions of participation refer to the booking of any sponsorship product(s)/service(s) at the ESMO TAT 2023 insofar as the contractual partners do not reach contrary agreements in writing.

Establishment of Contract

- Application for a sponsorship product(s)/service(s) is made by filling in and returning the sponsorship application form to ESMO.
- Only completed and signed application forms will be taken into consideration. By signing the sponsorship application form, the company accepts the conditions contained in the ESMO TAT 2023 Industry Guidelines and any supplementary provisions.
- Confirmation of the allocation of any sponsorship product(s)/service(s) by ESMO in writing constitutes establishment of contract between the sponsoring company and ESMO.
- An invoice will then be sent by registered mail. The date of the assignment is considered to be the date of allocation. If the contents of the assignment deviate from the contents of the sponsoring company's application, the contract is based on the assignment issued by ESMO unless the company objects in writing within two weeks after the date the assignment was sent.

Appointed Agencies

- Application for any sponsorship product(s)/service(s) must be submitted by the sponsoring company under whose name each sponsorship item is to be listed. Correspondence in this regard must be made exclusively between the sponsoring company and ESMO.
- Sponsoring companies should inform ESMO in writing which agency is appointed. Otherwise no request from agencies will be taken into consideration.
- It is not the role of any given agency to make initial enquiries or reservations with ESMO independently of the sponsoring company.
- The sponsoring company is responsible for communicating these regulations to its staff and its appointed agencies.
- This named agency cannot fully act as if it were the sponsoring company itself and the sponsoring company will continue to be held entirely responsible and accountable for activities organised in its name.

Procedure

- Send sponsorship application form. The ESMO Events Sponsorship Department will acknowledge receipt of your sponsorship application form and the assignment process will commence soon afterwards.

Assignment

- Will be done on a first come, first served basis (excluding the satellite symposia assignments). To ensure each sponsoring company has a chance to choose a suitable satellite symposium slot, offers are valid for 48 hours (2 working days) unless the offer makes it clear that the opportunity is freely available. For this reason, please supply a reliable contact telephone number for an appropriate decision maker within the company.

Payment deadlines

Assignments will be cancelled automatically if the related cost has not been paid within the given time period. In such cases the cancellation fee will be applicable following the cancellation policy.

Terms of Payment

Payment is due within 30 days following the date of the invoice.

Cancellation Policy

The company cancelling its support after the official application has been accepted and the corresponding sponsorship package has been assigned will be liable to a 100% cancellation fee.

Administration fees/invoicing changes

Invoices will be addressed according to the invoicing data provided by the sponsoring company. Please note, if a billing change is requested (i.e. company name change or address change), an administration fee of 70 EUR (excluding VAT) will be charged to the company.

Indebtedness

Payments not received by the first day of the start of the ESMO TAT 2023 will be subject to a 10% penalty fee on the total sponsorship investment.

Refunds

Any refunds of deposits paid will be made after the ESMO TAT 2023 but not later than the **15 December 2023**. The sponsoring company will not be entitled to any interest that the organiser may have derived from deposits made. All bank charges, including sender's and receiver's charges, resulting from a refund related to cancellation or reduction of sponsorship will be at the charge of the sponsoring company.

Data Protection and Sharing of Contact Details

All data provided during the application process may be used (saved, stored, processed, transmitted, shared and deleted, but not modified) to allow the processing and

execution of the Application(s). This data may be shared with our contractors to the extent necessary to ensure the organisation of the ESMO TAT 2023.

Postponement or Abandonment

ESMO reserves the right to postpone the event, including if unforeseen circumstances warrant such action. Should any contingency prevent the holding of the ESMO TAT 2023 or any of its parts, ESMO cannot be held liable for any costs, expenses and damages (including, but not limited to direct or consequential damages, loss of opportunity, loss of use, or loss of revenue or profit) incurred in connection with the postponement or abandonment.

Unexpected cancellation of the event: ESMO reserves the right to cancel without notice or compensation the ESMO TAT 2023 in the event of force majeure cases (e.g. any acts of God, strikes, labour disputes, epidemics, pandemics, riots, fires, flood, terrorist attacks, governmental actions and regulations, damages or other fatal occurrences). In such cases, ESMO is not liable for failure to perform any obligation hereunder but will reimburse any payments received from the sponsoring company less any costs incurred while preparing the event.

Limitation of Liability of ESMO and Warranties

ESMO shall not be liable for any damages, dispute or injury arising out of or in connection with the performance of this Agreement unless caused by wilful act, gross negligence of an employee, director, representative or contractor. Nor shall ESMO be liable to the sponsoring company for any indirect or consequential loss, damages, claims or demands arising out of this Agreement, including without limitation any economic loss or other loss of income, profits, business, opportunity, reputation or goodwill.

ESMO gives no warranties in respect of any aspect of the ESMO TAT 2023 or any materials related thereto or offered at the ESMO TAT 2023 and, to the fullest extent possible disclaims all implied warranties, including but not limited to warranties of fitness for a particular purpose, accuracy, timeliness, and merchantability. The ESMO TAT 2023 is provided on an “as-is” basis. The views, opinions, and positions expressed by the speakers, attendees, or sponsors at the ESMO TAT 2023 are theirs alone and do not necessarily reflect the views, opinions, or positions of ESMO or any employee thereof. The ESMO TAT 2023 makes no representations as to accuracy, completeness, timeliness, suitability, or validity of any information presented by speakers, attendees, or sponsors at the ESMO TAT 2023 and will not be liable for any errors, omissions, or delays in this information or any losses, injuries, or damages arising from its display or use. ESMO does not endorse, and expressly disclaims all liability

relating to, any of the products or services provided by speakers, attendees, or sponsors.

Connectivity or Technical Issues

ESMO specifically disclaims all responsibilities for the unavailability of the ESMO TAT 2023 website due to unexpected condition and/or problems attributable to a third party’s network operators or Force Majeure. The sponsoring company acknowledges that it is its responsibility to ensure a secure and stable internet connection, compatible operating system requirements and that its web browser is up to date in order to avoid connectivity or other technical issues when participating at the ESMO TAT 2023. ESMO will use its best efforts to provide access to the ESMO TAT 2023 through third party channels. In the event that the participant encounters connectivity issues due to a weak internet connection, incompatible operating system requirements or inappropriate web browser settings, the participant acknowledges that ESMO is not liable.

Bankruptcy or Liquidation

In case the sponsoring company becomes bankrupt or enters into liquidation other than for the purpose of restructuring or merger, or has a receiver appointed, ESMO shall be at liberty to terminate immediately the contract with the sponsoring company, to cancel the allocation of sponsorship product(s)/service(s) to the company and to forfeit all sums paid by the company.

Security and Insurance

Neither ESMO nor its affiliates shall be liable for any direct, indirect, special, incidental, or consequential costs, damages or losses arising directly or indirectly from the ESMO TAT 2023 or other aspect related thereto.

The sponsoring company/exhibitor shall indemnify ESMO and its contractors to third persons, as a result of any act or omission of the company, its staff, agent or personnel hired on a temporary basis.

As ESMO and its contractors will accept no responsibility for any of the foregoing matters, the sponsoring company should affect his/her own insurance against any risk of loss due to theft or negligence, damage, injury or liability. The sponsoring company agrees not to pursue ESMO for any previously listed risks.

Enforcement of Rules

Applies equally to all. All companies investing in sponsorship at the ESMO TAT 2023 must comply with all rules and policies established by ESMO.

Violation Procedure

The procedure for policing and enforcing the violation is as follows:

Onsite and Online Congress

When noticing a violation, ESMO staff will ask the company to correct the situation according to the applicable regulations.

If the company refuses to comply, ESMO staff will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant sponsoring company will be invited to present the company's view, after which the Committee will give its opinion.

The maximum time lapse is 1 month from the closure of the ESMO TAT 2023.

Agreements which deviate from these conditions or from the supplementary regulations must be in writing; facsimile signature suffices. The contract is governed exclusively by Swiss law; the English text is authoritative.

Non-smoking policy

The ESMO TAT 2023 is a non-smoking event.

Final Clause

In cases not covered by the regulations in these Industry Guidelines, ESMO interpretation shall be final.

ESMO PRIORITY LIST

The sponsorship point system has been designed to recognise sponsor investment in ESMO projects and sponsorship points are allocated in acknowledgement of each EUR 10,000 of sponsorship investment.

- a. Accrued sponsorship points define the position of each company in the ESMO sponsors priority list. The priority list identifies companies that will be offered visibility at, and privileged within, events such as the ESMO Congress and related activities, for example satellite symposia, Industry display area space, hotel accommodation, etc.
- b. When an equal number of points are held by 2 or more sponsoring companies, promotional opportunities will be assigned according to the monetary value of the requested opportunities.
- c. ESMO nevertheless retains the right to privilege smaller emerging companies when their products are innovative and the Society feels that their participation in the event would be of benefit to delegates. When satellite symposia are assigned in relation to this clause, the company guarantees that the programme will not be presented elsewhere before the ESMO Congress. Furthermore, all sponsorship items assigned in relation to this clause are subject to specific terms and conditions.
- d. Sponsorship points are cumulative but expire at the end of the 24th month after which they have been allocated.
- e. ESMO recognises the importance of long-term relationships. To this end, 2 points will be assigned to companies for their presence and loyalty on a yearly basis for a minimum of EUR 10,000 of support. The 2 points will not expire. However, for each calendar year during which a company has not been present (with any kind of support), the 2 points are deducted from the company's record.
- f. ESMO will also recognise the contribution to advancements in medicine and science at the ESMO annual Congress. ESMO will allocate one point for each abstract accepted for oral presentation with the mention "Study sponsored by..."
