

# ADCs' journey into clinical use – key considerations for improved outcomes

Tuesday 7 March 2023 | 14:00 – 15:00 CET

Amphitheatre Bordeaux (Palais des Congrès de Paris, France)

## Speakers

**Our expert panel chaired by Prof. Peters will explore the history and potential future directions of ADCs in oncology.**

Focus will be on the lessons learned during ADC development to date, including challenges and successes. The faculty will also discuss novel investigational targets, including immune stimulatory ADCs. The symposium will conclude with a live Q&A with all faculty members. We look forward to you joining us.
