

ESMO Breast Cancer 2023 Industry Satellite Symposium

PI3King the right treatment for every patient with HR+ breast cancer

Friday 12 May 2023, 18:30–19:30 CEST

Munich Hall, hub27 - Messe Berlin, Berlin

Please join us and take part in an interesting and interactive discussion to explore how therapies targeting the PI3K/AKT pathway can be used to further personalise and optimise the treatment of patients with HR+ breast cancer.

We look forward to seeing you in Berlin or via the live stream!

Prof. Sibylle Loibl
*German Breast Group,
Germany*

Dr Dejan Juric
*Massachusetts General
Hospital, USA*

Introduction	Prof. Sibylle Loibl
PI3K: A challenge to target but unmet need drives us onwards towards success	Dr Dejan Juric
PI3Kis: The clinical story so far and the next chapter	Prof. Sibylle Loibl
Q&A / discussion	Prof. Sibylle Loibl and Dr Dejan Juric
