

# TRANSFORMING TREATMENT APPROACHES FOR PATIENTS WITH *EGFR*-MUTANT NSCLC

**SUNDAY**  
**22 OCTOBER 2023**  
**13:00-14:30 CEST**  
**MÁLAGA AUDITORIUM –**  
**HALL 10,**  
**IFEMA MADRID,**  
**MADRID, SPAIN**

## SCIENTIFIC COMMITTEE

**Natasha Leigh**  
Canada

**Luis Paz-Ares**  
Spain

## FACULTY

**Joshua Sabari**  
USA

**Antonio Passaro**  
Italy

**Nicolas Girard**  
France

## LEARNING OBJECTIVES

After attending this symposium, participants should be able to:

- Evaluate the latest updates in the management of *EGFR*-mutant NSCLC
- Reflect on recent evidence and expert perspectives on the treatment of *EGFR* exon 20 insertion mutations in NSCLC
- Discuss how these advances will impact daily clinical practice

This exciting session will be live in person and also live-streamed, so you will be able to submit your questions to the faculty during the symposium.
