

# Detection of homologous recombination deficiency (HRD): Role of HRD testing and impact on patient management

**Sunday 22 October 2023**  
18.30-20.00 CEST

Málaga Auditorium, Hall 10,  
IFEMA MADRID, Madrid, Spain

**Prof. Frédérique Penault-Llorca,**  
Centre Jean Perrin, Clermont-Ferrand, France

**Prof. Domenica Lorusso,**  
Fondazione Policlinico Universitario A Gemelli, Rome, Italy

**Dr. David Olmos,**  
Instituto de Investigación Hospital, Spain

**Fiona Barve,**  
Cambridge Patient and Public Involvement (PPI) group for  
Ovarian Cancer, Cambridge UK

## AGENDA

**18:30-18:35 | Welcome & Introduction**  
*Prof. Frédérique Penault-Llorca*

**18:35-18:55 | The clinical value of HRD testing in ovarian cancer**  
*Prof. Domenica Lorusso*

**18:55-19:15 | The value of biomarker testing for homologous recombination deficiency in prostate cancer**  
*Dr. David Olmos*

**19:15-19:35 | The role of HRD and related tests in cancer care**  
*Prof. Frédérique Penault-Llorca*

**19:35-19:55 | Panel discussion:**  
The utility of HRD testing – current status and future trends  
*All speakers*

**19:55-20:00 | Closing Remarks**  
*Prof. Frédérique Penault-Llorca*
