

Shifting the Paradigm in Cancer Screening:

Multi-Cancer Early Detection (MCED) Testing

Monday, 23 October 2023 | 13:00 - 14:30 CEST

Burgos Auditorium - Hall 3, IFEMA MADRID, Madrid, Spain

Available On Demand Until Wednesday, 8 November 2023

Faculty:

Co-chair
Elizabeth O'Donnell, MD

*Dana-Farber Institute &
Harvard Medical School*

Boston, USA

Co-chair
Tomasz Beer, MD, FACP

*Oregon Health & Science
University Knight Cancer
Institute & Exact Sciences*

Madison, USA

Frank Diehl, PhD

*SVP Research and
Development, Exact Sciences*

Cambridge, USA

Catherine Marinac, PhD

*Dana-Farber Institute
& Harvard Medical School*

Boston, USA

**Nickolas
Papadopoulos, PhD**

*Ludwig Center &
The Sidney Kimmel
Comprehensive Cancer
Center at Johns Hopkins*

Baltimore, USA

Agenda:

13:00 - 13:05 Welcome and Introductions

13:05 - 13:15 Meeting the Unmet Needs in Cancer Screening

13:15 - 13:30 Advancements in Tumor Biology and Circulating Biomarkers: *Application in Early Cancer Detection*

13:30 - 13:45 A Multi-Biomarker Approach to MCED Test Design: *Optimizing Performance to Help Enhance Future Clinical Impact*

13:45 - 14:00 Demonstrating Potential Clinical Value of MCED Testing

14:00 - 14:10 The Future Paradigm of Cancer Screening

14:10 - 14:30 Summary and Q&A

Lunch will be provided

This symposium is intended for HCPs in attendance at ESMO 2023 and may discuss agents and products in development that have not been cleared or approved in your country or by any other national regulatory authority. This Industry Satellite Symposium is organized and funded by Exact Sciences.
