

POSTER DISPLAY

ON-SITE ATTENDANCE

As a presenting author, your presence is requested onsite in Singapore. Health and Safety measures to enter the venue are available [here](#).

No-show policy

We would like to draw your attention to the **ESMO No-show Policy**:

*The abstract's first and presenting author who, without notice, is not present during the Poster presentation (display) time **will be barred from having abstracts accepted** for the following ESMO Asia Congress.*

PAPER POSTER

- Format of the paper poster is horizontal (landscape). The maximum poster size is 190cm width x 94cm height.
- You must clearly show the **Final Publication Number (FPN)** on your paper poster. All presenters received an email with the relevant FPN, which will also be available in the online programme. The initial abstract submission ID is no longer valid and may restrict your poster visibility to other delegates.
- An optimal lay-out of your poster will attract the attention of other Congress participants. Text should be easy to read at a 1-meter distance. Use colour wherever possible.
- You must include all material to support your presentation, such as tables, drawings, charts and pictures.
- Due to current scrutiny regarding financial transparency, it is mandatory that the presenter (only) states any conflict of interests on the poster, even if to confirm there is nothing to declare.
- If the study has received funding, this must also be acknowledged on your poster, "Study sponsored by..."
- QR (Quick Response) and/or AR (Augmented Reality) and text key codes are allowed in the poster, however, although ESMO accepts that these may go to a commercial/branded website, we suggest avoiding links to websites containing blatant product advertising. If you intend adding a QR or a text key code to your poster, please add the following disclaimer notice: "*Copies of this poster obtained through QR (Quick Response) and/or text key codes are for personal use only and may not be reproduced without written permission of the authors.*"
- At the bottom of the poster, please include your and/or the corresponding author email address. This will prove especially useful if another Congress participant wishes to contact you about your work. Having copies of your material for onsite distribution is also a good means of communication.
- Posters may not present a commercial bias or use clearly identifiable commercial templates, colours or branding.

POSTER DISPLAY INFORMATION

- Please hang your poster bearing the **final publication number (FPN)** in the dedicated Poster area of the exhibition area (level 4) on the day scheduled in the programme. Posters will be displayed for viewing for the entire duration of the Congress according to the final category.
- Your presence is required in front of your Poster during the Poster Display session (17:50-18:45 SGT) on the day indicated in the schedule below.
- Poster boards allow for the use of double-sided tape only. ESMO will provide double-sided tape in the poster area.
