

# ESMO Advanced Course on Early Drug Development

## PROGRAMME

**ESMO  
ADVANCED COURSE**

**HONG KONG SAR CHINA  
2-4 FEBRUARY 2024**

**Co-Chairs**

Jayesh Desai, Australia

Elena Garralda, Spain

Brigette Ma, Hong Kong SAR, China

# ESMO ADVANCED COURSE PROGRAMME EARLY DRUG DEVELOPMENT

Hong Kong SAR, China  
2-4 February 2024

---

## CO-CHAIRS

Jayesh Desai, Australia  
Elena Garraida, Spain  
Brigette Ma, Hong Kong SAR, China

## SPEAKERS

Boon-Cher Goh, Singapore  
Bruno Gomes, Switzerland  
Ezogelin Gruyters, United States  
Josh C.C. Lin, Taiwan  
Do-Youn Oh, Republic of Korea  
Ruth Plummer, United Kingdom  
Lillian L. Siu, Canada  
Anastasios Stathis, Switzerland  
Daniel S. W. Tan, Singapore  
Ben Tran, Australia  
Timothy A. Yap, United States

---

## LEARNING OBJECTIVES

- To foster, educate and mentor the next generation of Phase I/Early Drug Development Programmes in Oncology Centres from both the established and emerging economies in the Asia-Pacific region
- To understand the fundamentals to establishing and running a successful Phase I/Early Drug Development Programme: from an in-depth understanding of trial selection to patient coordination, to running a programme, to effectively engaging with sponsors and fellow PIs, regional and international engagement, regulatory processes
- To bridge the gap between the key stakeholders in the drug development process in the Asia-Pacific region: investigators, sponsors (Pharma and Biotech), Contract Research Organization (CRO), regulatory bodies

---

## ACCREDITATION

The programme of this event has been accredited with **15 ESMO-MORA category 1 points**.

Recertification is necessary for medical oncologists to remain professionally certified by ESMO. Recertification guarantees that a certified medical oncologist has continued to update his/her knowledge and continues to possess the necessary skills and standards for the practice of medical oncology. For further details please refer to [esmo.org](https://www.esmo.org).

---

## ACKNOWLEDGEMENTS

This event is supported by an unrestricted educational grant from

## Friday, 2 February 2024

|                    |   |
|--------------------|---|
| 09:00-09:30        | <b>Welcome and course overview</b><br>Jayesh Desai, AU, Elena Garralda, ES and Brigette Ma, HKSAR CN  |
| 09:30-11:00        | <b>Session 1 – Phase I clinical trial design and methods</b><br><b>Co-Chairs: Jayesh Desai, AU and Elena Garralda, ES</b>   |
| 30'                | The importance of Phase I trial in the drug development process:<br>Successes and lessons learnt<br>Lillian L. Siu, CA  |
| 30'                | Current designs of Phase I clinical trials and limitations<br>Ruth Plummer, UK  |
| 30'                | Q&A<br>All  |
| <b>11:00-11:30</b> | <b>Coffee break</b>   |
| 11:30-12:30        | <b>Session 2 – Round Table Introductions: Meet the Faculty and Attendees</b><br>Divide up faculty (11+3 co-chairs): 2-3 faculty/table.<br>Mutual introduction by Faculty and participants of their respective<br>research area/interests and institutions, discuss details on course content,<br>objectives and what is expected of participants. |
| <b>12:30-13:30</b> | <b>Lunch</b>  |
| 13:30-15:30        | <b>Session 3 – Step by step development of specific classes of drugs, relevant biomarkers,<br/>pharmacodynamics</b><br><b>Co-chairs: Elena Garralda, ES and Brigette Ma, HKSAR CN</b>   |
| 25'                | Targeted therapies, biomarkers and combination approaches in the drug<br>development setting: Dose optimization (OPTIMUS)<br>Do-Youn Oh, KR   |
| 25'                | Immunotherapy – Combination approaches and bi-specifics: Biomarkers, current approaches and what's next?<br>Daniel S. W. Tan, SG  |
| 25'                | Antibody-Drug Conjugates: Target vs payload and understanding toxicity<br>Josh C. C. Lin, TW  |
| 25'                | Emerging drug classes: Cellular therapies, novel vaccine approaches etc.<br>Anastasios Stathis, CH  |
| 20'                | Q&A<br>All  |
| <b>15:30-16:00</b> | <b>Coffee Break</b>   |

|             |  |
|-------------|--|
| 16:00-17:00 | <b>Session 4: The Academia and Industry perspective: Strengths and challenges in bringing Phase I studies to region</b><br>Co-chairs: Facilitated by 1-2 co-chairs, providing a regional perspective |
| 25'         | The Academic perspective<br>Brigette Ma, HKSAR CN  |
| 25'         | The Industry perspective<br>Ezogelin Gruyters, US  |
| 10'         | Q&A<br>All   |

## Saturday, 3 February 2024

---

|                    |  |
|--------------------|--|
| 09:00-09:15        | <b>Wrap-up of Day 1 and Introduction to Day 2</b><br>Elena Garralda, ES  |
| 09:15-10:45        | <b>Session 5 - Patient selection, response and toxicity assessment</b><br>Co-chairs: Jayesh Desai, AU and Brigette Ma, HKSAR CN  |
| 25'                | Patient selection: Genomic matching to Phase I trials, NGS, ctDNA, existing programmes<br>Timothy A. Yap, US   |
| 25'                | Safety and adverse events management<br>Ben Tran, AU   |
| 25'                | Pharmacodynamic variability and implications for drug development<br>Boon-Cher Goh, SG   |
| 15'                | Q&A<br>All   |
| <b>10:45-11:15</b> | <b>Coffee break</b>  |
| 11:15- 15:15       | <b>Workshop sessions</b><br>Three parallel workshops sessions with around 20 delegates in each group<br>(Delegates will attend all workshop sessions on a rotation basis)<br>10' Introduction and examples: understanding the key elements<br>45' Discussion<br>5' Break (to allow mentors to move over to next workshop room) |

|                          |   |
|--------------------------|---|
| <b>Workshop 1</b><br>60' | <p><b>Meet your mentor: Building a career in Developmental Therapeutics</b></p> <p>Workshop leaders to discuss the following topics:</p> <ul style="list-style-type: none"> <li>- Investigator-initiated trials and maximizing translational opportunities, publishing papers in Phase I, developing a reputation as a Phase I investigator, working in and with Pharma/Biotech, special issues for Asian-Pacific region. Diversity: Women/ minorities and related issues</li> <li>- Mentoring junior faculties and building the workforce</li> </ul> <p>Mentors: Bruno Gomes, CH<br/>Lillian L. Siu, CA<br/>Daniel S. W. Tan, SG</p> |
| <b>Workshop 2</b><br>60' | <p><b>Building and running your Phase I Program: Key Operational Considerations</b></p> <p>Key operational issues to consider step by step: Financial, budgets, internal and external regulatory factors. Building your team: Clinical (medical/nursing) and non-clinical staff. Patient-centric considerations</p> <p>Mentors: Ezogelin Gruyters, US<br/>Josh C. C. Lin, TW<br/>Brigette Ma, HKSAR CN<br/>Ruth Plummer, UK<br/>Timothy A. Yap, US</p>  |
| <b>13:15-14:15</b>       | <b>Lunch</b>  |
| 14:15-15:15              | <b>Workshop sessions</b> – Continuation   |
| <b>Workshop 3</b><br>60' | <p><b>Building a Phase I network in Asia-Pacific (AP) region</b></p> <p>Experience in AP region of consortia: Pros &amp; Cons, What is needed?<br/>Mentors may invite participants to share their experience on stage</p> <p>Mentors: Jayesh Desai, AU (Cancer Trials Australia -CTA)<br/>Brigette Ma, HKSAR CN (NCI-CTEP, NRG oncology, Other cancer Consortium)</p>   |
| <b>15:15- 15:45</b>      | <b>Coffee Break</b>   |
| 15:45- 17:15             | <p><b>Session 6 – Practical and Operational aspects</b></p> <p><b>Co-chairs: Elena Garralda, ES and Brigette Ma, HKSAR CN</b></p>   |
| 25'                      | The Principal Investigator's perspective. Becoming a good PI: Understanding Pharma and Biotech's expectations<br>Jayesh Desai, AU   |
| 25'                      | Industry's perspective: Challenges, how do we assess a site, metrics<br>Bruno Gomes, CH   |
| 25'                      | Understanding and meeting expectations: Bridging the gap between the Site and the Sponsor<br>Elena Garralda, ES   |
| 15'                      | Q&A<br>All  |
| <b>19:00</b>             | <b>Networking dinner</b>  |

## Sunday, 4 February 2024

---

- 09:00-09:15 **Wrap-up of Day 1 and 2 and Introduction to Day 3**  
Jayesh Desai, AU
- 9:15-11:45 **Workshop sessions: Stepwise Approach: A Live Demonstration**  
Workshop design: Two parallel workshop sessions with around 25/30 delegates in each group (Delegates will attend both workshops sessions on a rotation basis)  
Each workshop will focus on a different Phase I protocol and Investigator Brochure (IB) to be presented by mentors from the other parallel workshop (e.g. different study designs, different class of investigational drugs and combinations)  
10' Introduction:  
45' Discussion  
5' Break (to allow mentors to move over to next workshop room)
- Workshop 4**  
60' **Conducting the trial: Evaluating the Phase I package (Part I)**  
Understanding the pre-clinical science, pre-clinical toxicity, pearls and pitfalls, starting dose, dose selection, pharmacology/pharmacodynamics  
- The decision-making process  
- Each session will review a Phase I Protocol and IB and highlight how to appraise them  
Mentors: Elena Garralda, ES  
Bruno Gomes, CH  
Ben Tran, AU
- Workshop 5**  
60' **Conducting the trial: Evaluating the Phase I package (Part II)**  
Understanding the pre-clinical science, pre-clinical toxicity, pearls and pitfalls, starting dose, dose selection, pharmacology/pharmacodynamics  
- The decision-making process  
- Each session will review a Phase I Protocol and IB and highlight how to appraise them  
Mentors: Ezogelin Gruyters, US  
Anastasios Stathis CH  
Daniel S. W. Tan, SG
- 10:15-10:45** *Coffee break*
- 10:45-11:45 **Workshop sessions** – Continuation
- 11:45-12:15 **Feedback on the workshops**
- 12:15-12:30 **Conclusions and Wrap-Up**  
Jayesh Desai, AU, Elena Garralda, ES and Brigette Ma, HKSAR CN
- 12:30-13:30** *Lunch*
