WELCOME

Dear Industry Partners,

We are excited to extend a warm invitation to ESMO Gynaecological Cancers Congress 2024, an event dedicated to advancing knowledge and innovations in the field of women's health and gynaecological oncology. This event is taking place 20-22 June 2024 as an onsite congress in the lovely city of Florence, Italy and online, through a virtual platform.

The ESMO Gynaecological Cancers Congress was launched in 2021, with the first edition held as a fully virtual event focusing on ovarian cancer. Since 2022, the meeting has been held with a hybrid format (LIVE Plus) and the programme has expanded to cover the broad spectrum of gynaecological cancers, providing a comprehensive update of practice-changes and progress in the treatment of gynaecological cancers.

This event will showcase the latest advancements in gynaecological oncology, providing you with insights into groundbreaking research, new treatment modalities, and emerging therapies.

You will also be able to connect with leading experts, researchers and clinicians from around the world, to forge collaborations that can drive innovation in the field.

ESMO Gynaecological Cancers 2024 is the ideal platform to showcase your latest products, technologies, and therapies. Engage with a targeted audience keen on advancements in gynaecological cancer care.

This edition features the LIVE Plus format, providing delegates with a wealth of opportunities for exchange of ideas. And if they are unable to attend, or would rather connect from a distance, we will continue to offer the convenience of an interactive virtual format.

Your presence and insights can help shape the future of gynaecological oncology and we look forward to seeing you in Florence.

INDUSTRY SATELLITE SYMPOSIA

1 SATELLITE SYMPOSIA GENERAL INFORMATION

Satellite symposia will take place from 20 to 22 June 2024 both onsite and on the VCP. Details of available slots may be obtained by email from the ESMO Strategic Partnership Department (jon.roberts@esmo.org or anna.macdougall@esmo.org).

1.1 Satellite Symposia Programmes

All satellite symposia programmes must be approved by ESMO Gynaecological Cancers Congress 2024 Scientific Committee prior to any invitations with a view to ensuring the scientific quality and scope of such symposia within the framework of the Congress.

Companies are strongly encouraged to establish a programme in line with the general concept of the Congress scientific programme. Current ESMO Gynaecological Cancers Congress 2024 policy encourages the avoidance of topic and/or statement repetition, and/or lectures which may be in conflict with what the ESMO Gynaecological Cancers Congress 2024 Scientific Committee considers to be a proper, scientifically well-founded point of view.

ESMO is working to ensure diversity amongst presenters, and companies are also highly encouraged to consider both gender and nationality balance when selecting satellite Chairs and speakers.

ESMO reserves the right to veto speakers. In order to ensure a greater diversity of opinion and scientific contribution, the ESMO Executive Board recommends that a speaker presents at no more than one (1) satellite symposium. However, if unavoidable, a speaker may be involved in a second satellite for a maximum of two (2) symposia during the Congress. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not.

Additionally, and in accordance with ESMO Organisational Regulations, the following ESMO Officers are not allowed to participate (either as a Chair or Presenter) in any satellite symposium:

- Congress Scientific Co-Chairs
- Cancer Medicines Committee Chair
- Compliance Committee Chair
- Educational Committee Chair
- Guidelines Committee Chair
- Editors-in-Chief of ESMO Journals
- Deputy Editors-in-Chief of ESMO Journals
- ESMO-Magnitude of Clinical Benefit Scale Working Group Chair

All other ESMO Executive Board and Council members may participate in a maximum of two industry satellite symposia subject to approval by the ESMO Executive Board. This restriction does not apply to ESMO Colloquia.

Details of the ESMO Council may be found via: <https://www.esmo.org/about-esmo/organisational-structure/esmo-council>

Any changes to the provisional or the final programme must be forwarded **immediately** for re-approval to the ESMO Scientific Programmes Department (programme@esmo.org). After the outcome notification, only minor changes will be taken into consideration.

Submitting an abstract to the ESMO Gynaecological Cancers Congress 2024 Scientific Committee and the official Congress programme implies that the study reported therein will not be presented as such during the Congress at any Industry Satellite symposium and that it has not been presented elsewhere. Therefore, presenting an abstract certifies that it is not connected to any Industry Satellite Symposia.

Regarding **onsite Faculty expenses**, please see details in **point 2.16**.

1.2 Applications

The ESMO Strategic Partnerships Department will approach companies with a proposal to participate at ESMO Gynaecological Cancers Congress 2024. At the Congress, Satellite Symposia slots are assigned by sponsorship level and on a first come, first served basis.

1.3 Programme submission deadlines

7 March 2024	Deadline for receipt of the programme proposals. The proposed programme, including symposium title, presentation titles, names and full contact details of proposed speakers and chairpersons, must be submitted to the ESMO Gynaecological Cancers Congress 2024 Secretariat (programme@esmo.org) using the official template.
4 April 2024	Notification of acceptance / rejection / request for modifications to the programme as decided by the Scientific Committee. After that only minor changes will be taken into consideration.

Notes:

1. The above timeline has been established to give all sponsors equal opportunities to invite preferred Speakers and late submission of programme proposals cannot delay the overall approval process. Sponsors who do not adhere to the deadline risk not being able to invite preferred Speakers if they have already been confirmed for other satellites in accordance with this schedule.
2. It will be the responsibility of Speakers who have been nominated for more than two satellites to choose which to accept.

1.4 Support an ESMO Colloquium

Slots will be allocated by ESMO

A variety of independent state-of-the-art updates on new developments in oncology can be supported with the primary objective to further enhance the educational experience of our delegates.

This will allow you to support official scientific education by ESMO without being directly involved in the development of the programme, or in selecting the faculty. ESMO handles all logistics and promotion of the colloquia. All colloquia will be recorded and the on-demand versions will be promoted via the OncologyPRO newsletter after the live event.

Companies interested in this product must secure a satellite symposium slot first.

For more information, please contact colloquia@esmo.org

**All ESMO Colloquia Slots are ESMO-MORA accredited*

						Lectern	Hand	Floor
Auditorium	1	1	1	1	1	4	4	

Speakers on stage will be able to follow the presentations through a comfort monitor.

2.3 Technical and monitoring staff

One technical staff member and one hostess are assigned to each room. Please note that badge checkers are not provided for satellite slots. If you require this service, it will need to be booked separately. Please contact the ESMO Gynaecological Cancers Congress 2024 (gynae@esmo.org).

2.4 Alternative stage set-up, additional equipment and/or personnel

Owing to the limited set-up and dismantling time necessary between satellite symposia slots (15 minutes), change of setup is not allowed.

Additional audio-visual equipment should only be ordered through the official supplier. Please contact the ESMO Gynaecological Cancers Congress 2024 Secretariat (gynae@esmo.org) for more information.

Due to the hybrid nature of the congress, and the specific set up put in place for the online streaming, it is not permitted to use an external technical supplier.

2.5 Session rooms lectern

Kindly be informed that the lectern can be branded. It is very important that the ESMO Gynaecological Cancers Congress 2024 graphic will not be ruined, therefore, considering also the limited set-up and dismantling times, ESMO suggests you create a graphic which can easily be removed (e.g. forex panel to be placed against the panel table). The company is responsible for printing and hanging the graphic. For the measures of the signage and reference picture, please contact gynae@esmo.org.

2.6 Lectern laptop usage

Due to the hybrid format of this congress, the following regulations will apply to the onsite laptop at the lectern in the assigned room:

- The laptop **cannot** be removed or un-cabled from the lectern
- It is strictly forbidden to upload any presentation on the laptop using a USB key
- No laptop set-ups can be changed

2.7 Online streaming of the onsite satellite symposium

All Satellite Symposia of the ESMO Gynaecological Cancers Congress 2024 will be live-streamed on the Virtual Congress Platform. The live streaming will give online delegates the opportunity to follow the Satellite Symposia in real time and post questions through the dedicated Questions & Answers function. While onsite, Satellite Symposium Chairs/assigned moderator will be able to read questions on a specifically dedicated device (tablet) and decide to answer those of interest.

2.8 Polling system

Companies interested in using a polling system can contact the ESMO Gynaecological Cancers Congress 2024 Secretariat (gynae@esmo.org) no later than **6 May 2024**. The polling system is exclusively provided by CTI Meeting Technology. Polling / voting systems from different providers are not permitted.

2.9 Session timer

In order to avoid sessions running late, ESMO implemented a timer in all the session rooms of the ESMO Gynaecological Cancers Congress 2024. The timer is a count-down, which allows speakers to monitor their presentation remaining time and it's displayed only on the comfort monitor(s) visible by the panellists and the speaker at the lectern. It is not visible by the audience nor in the produced webcast.

This timer is implemented to all Satellite Symposia by default, but in order to take advantage of it **companies MUST provide the session slides divided by presentation**.

If the sponsoring company does not want the session timer, please notify ESMO at gynae@esmo.org by 6 May 2024.

2.10 Lead System / Badge Scanner

The ESMO Gynaecological Cancers Congress 2024 Lead Retrieval System is a fast and easy way to record visitors' contact information. By simply scanning a visitor's name badge with the supplied scanner, that contact is entered into your own visitor database, including all relevant product information or comments which have been added to these visitors' profiles beforehand. Following the event, approved visitors' address data can be provided in printed form or as a MS Excel file, or made available with proper access rights through an online platform. Further details are available in the Lead System brochure and order form on the ESMO website.

Badge scanners shall be ordered through the official supplier CTI Meeting Technology at leadsystem@ctimeetingtech.com

2.11 Food & Beverage areas

No food or beverages are allowed inside of the Auditorium, however, an exception is made for water. Each company may offer water in plastic bottles to their Satellite participants. Of course, it is the responsibility of the company to clean the room after the session. If the organiser needs to intervene for cleaning purposed the extra costs will be changed to the company.

However, the Satellite organisers are welcome to support the official coffee breaks and lunches that are foreseen close to your selected timeslot. Any request should be addressed to the ESMO Gynaecological Cancers Congress 2024 Secretariat (gynae@esmo.org).

Please also note that any food items served in the Congress centre must be purchased through the official catering service.

2.12 Duration of the satellite symposium

All companies are obliged to respect the start and closure times of the satellite symposia. Extensions beyond assigned time slots are not allowed under any circumstances. Infringement of this regulation will affect the sponsors priority list for future ESMO Congresses.

2.13 Installation, rehearsal and dismantling times

The set-up and dismantling times are extremely limited and must be respected in full. Please refer to the online programme to check the timing. For additional queries please contact the ESMO Gynaecological Cancers Congress 2024 Secretariat (gynae@esmo.org).

Rehearsal slots are free of charge (max. 30-minutes slot per Satellite Symposium) and can be requested via the ESMO Gynaecological Cancers Congress 2024 Secretariat (gynae@esmo.org).

However, please note that:

- Rehearsal slots are not guaranteed
- Rehearsals will be assigned on a first-come, first-served basis
- Rehearsals may only be booked upon request and availability

Any request for rehearsals should be sent to the ESMO Gynaecological Cancers Congress 2024 Secretariat (gynae@esmo.org).

2.14 Speakers preview centre

The companies organising a satellite symposium must use the invited speakers preview centre and follow the instructions that the ESMO Gynaecological Cancers Congress 2024 Secretariat prepares for its own speakers.

The usage of the speakers preview centre includes:

- Direct PPT upload from the speakers preview centre to the Satellite Symposium room
- Support for the speakers/uploader in the speaker preview centre regarding the upload and management of the PPT presentations
- Hostess (1)

Please inform by **24 May 2024** the latest the name of the designated representative that will be allowed to access the speaker centre and will be assisted in the upload of presentation(s) by our technicians.

2.15 Presentation material

Please note that the presentations must be prepared in **PowerPoint 2010, 2013 or 2016 (MS Windows)** and provided on an **USB-removable drive**. Set the slide size to **“Widescreen 16:9”** and **landscape orientation**.

2.16 Onsite faculty expenses

Registration, travel and accommodation: ESMO will subsidise registration fees, travel expenses and cover hotel accommodation for a maximum of three (3) nights for any expert already speaking in the official ESMO Gynaecological Cancers Congress 2024 programme at an ESMO Faculty hotel and **in accordance with the ESMO Gynaecological Cancers Congress 2024 invited speaker reimbursement policy**. Speakers who are NOT participating in the official ESMO Gynaecological Cancers Congress 2024 programme must have their registration fees, and travel and accommodation expenses covered in full by the sponsor.

2.17 Satellite symposia contacts/representatives

Each company will provide the name of one person who will be responsible for the organisation of its satellite symposium and notify the ESMO Gynaecological Cancers Congress 2024 Secretariat (gynae@esmo.org) as soon as possible about any changes.

If several people are responsible for various aspects (financial, organisational, etc.) of the symposium, the company must inform the ESMO Gynaecological Cancers Congress 2024 Secretariat accordingly. The ESMO Gynaecological Cancers Congress 2024 Secretariat strongly recommends, however, that only one (1) contact person is appointed.

If an agency is appointed to manage and organise the satellite symposium, the company must inform the ESMO Gynaecological Cancers Congress 2024 Secretariat and provide the agency name and contact person details. Only official agency representatives will receive information material from the ESMO Gynaecological Cancers Congress 2024 Secretariat.

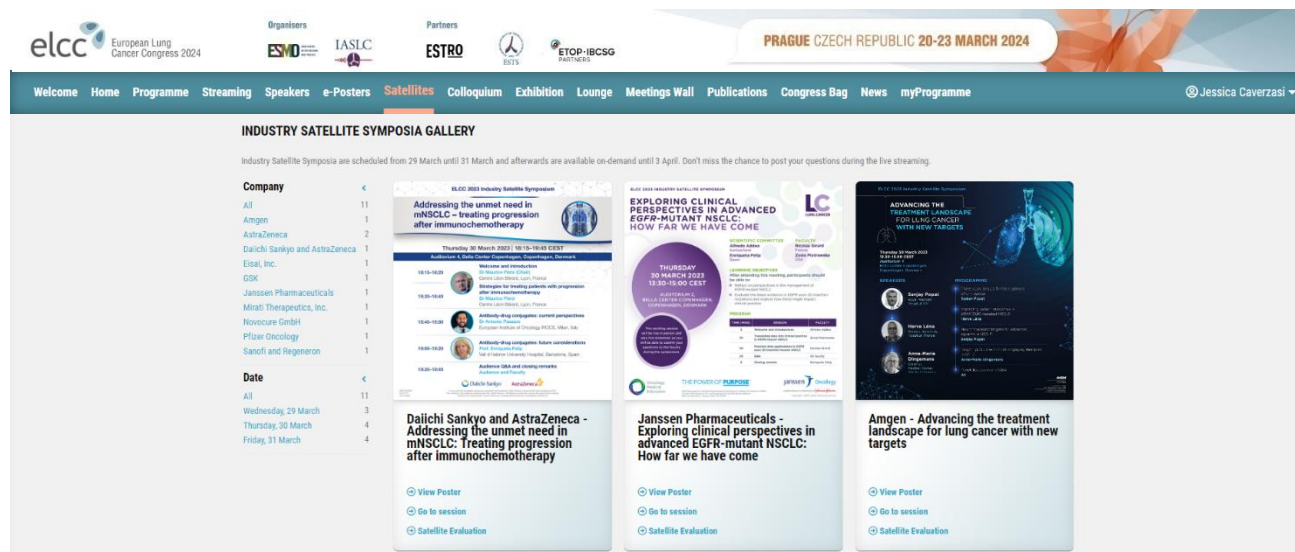

3 SATELLITE SYMPOSIA ON THE VIRTUAL PLATFORM

3.1 ESMO Gynaecological Cancers Congress 2024 Industry Satellite Symposia Gallery

All satellite symposia will be allocated in the ESMO Gynaecological Cancers Congress 2024 Industry Satellite Symposia Gallery.

Each digital programme poster artwork should respect the following format and deadline:

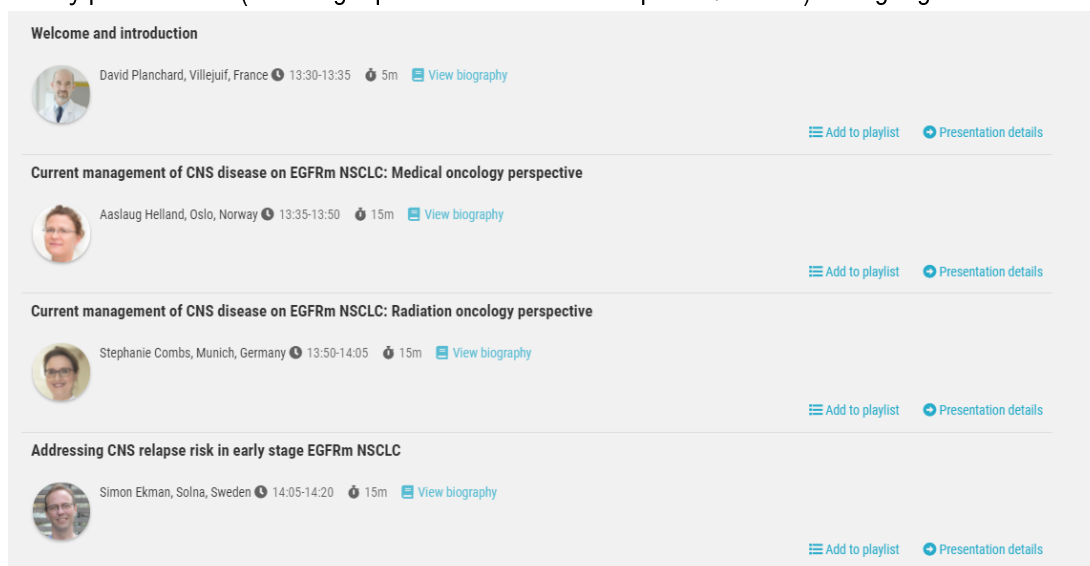

- The wording “**ESMO Gynaecological Cancers Congress 2024 Industry Satellite Symposium**” must be included at the top of each poster in order to avoid any confusion with the official scientific programme.
- Format: 1235 x 1235 pixels (square), PNG or JPEG.

3.6 Questions & Answers/Chat Function

Each satellite symposium slot can include at the end a Live Q&A within the allocated 60 minutes slot, where speakers and/or chairs discuss the session content and delegates can send in questions via the Q&A chat. The session can contain some slides or videos if required, followed by the discussion.

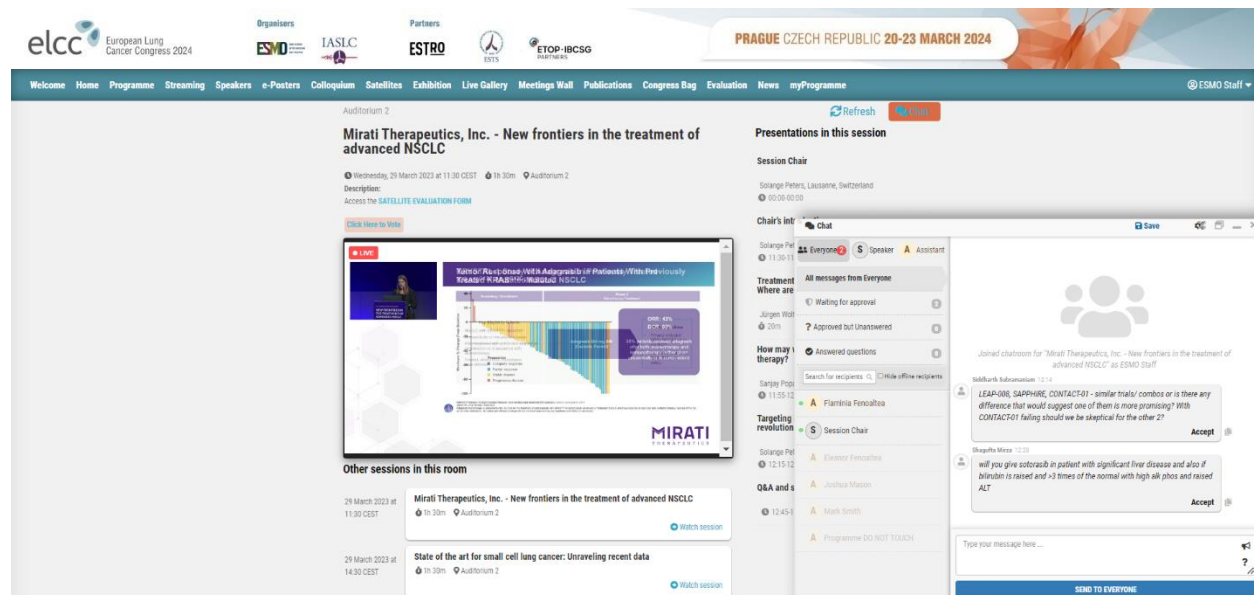

The Companies can choose the type of chat they prefer between:

Moderated Chat

All submitted questions are first viewed by a chat assistant for approval. Once approved, the questions are then visible to presenters and other chat participants. After the question appears in the chat room, the chat assistant can still delete it by clicking "Remove". The onsite chairs will receive an iPad in which they can read the selected questions.

Each company is entitled to have up to 3 chat moderators, who have the possibility to approve, reply and delete comments (for moderated chat only), when necessary. To be able to login to the virtual congress platform, chat moderators need to be registered for the ESMO Gynaecological Cancers Congress 2024. For this reason, ESMO will grant chat moderators a complimentary login to the virtual platform. Upon request, CTI will schedule a dedicated live chat rehearsal with the chat moderators.

3.7 Post-Congress hosting

All the official sessions and satellite symposia will automatically be uploaded (**without editing/review**) on the Virtual Congress Platform as on-demand sessions within 12 hours after the end of each session, until Monday 24 June 2024 at 16:00 CET. From Monday 24 June at 16:00 CEST, the official sessions, where permission is granted, will also be added to **OncologyPRO** or **ESMO website**.

If the sponsoring company does not want the satellite webcast to be on-demand on the VCP, OncologyPRO or ESMO website, please notify ESMO at gynae@esmo.org by **6 May 2024**.

All on-demand sessions will be prepared by our official supplier: CTI Meeting Technology.

The post-congress hosting will provide a unique opportunity for all satellite organisers to host their on-demand satellite session(s) also after the Virtual Congress Platform closure and make the content easily accessible to all registered attendees* and ESMO Members.

Post-congress, the hosting will be handled as follows:

- OncologyPRO Sponsors satellite symposia will be hosted on OncologyPRO for 2 years
- Non-OncologyPRO Sponsors satellite symposia will be hosted free of charge on the ESMO website for 6 months

To find out more on how to become an OncologyPRO sponsor contact Jon Roberts (jon.roberts@esmo.org) or Anna MacDougall (anna.macdougall@esmo.org).

Editing of the ESMO Satellite Symposia after the live event should have as sole purpose the curation of the event flow in order to optimise the on-demand use. Such editing should respect, and restrict any modification of, the original content, discussion and contributions conveyed by the speakers, discussants and audience participating in the live event.

* Non-Member registered attendees will have access for 6 months post-congress.

3.8 Webcast

Companies will receive the recording file of the full session, including the live Q&A. The result of the recording will be raw .mp4 format files, divided by presentation.

ESMO discourages all Industry Partners from hosting their official Industry Satellite Symposia webcasts on their respective corporate/educational/medical websites during the period of the congress as this may affect the attendance of the satellite symposium/symposia both onsite and on the VCP.

If companies intend promoting their satellite symposium/symposia on their corporate/educational/medical website(s), we advise using the specific link to the respective satellite symposium (hosted on the ESMO Gynaecological Cancers Congress 2024 VCP). We thank you in advance for following these recommendations which will help optimise the collective gathering of the global oncology community throughout the event.

3.9 Evaluation of the symposium

From the Satellite Symposia Gallery, the Companies can decide to have a link to a satellite evaluation questionnaire placed on an external website. It is the responsibility of the Company to monitor and assess the result of the evaluation. Deadline to send the link to gynae@esmo.org: **24 May 2024**.

Final Clause

ESMO PRIORITY LIST

The sponsorship point system has been designed to recognise sponsor investment in ESMO projects and sponsorship points are allocated in acknowledgement of each EUR 10,000 of sponsorship investment.

- a. Accrued sponsorship points define the position of each company in the ESMO sponsors priority list. The priority list identifies companies that will be offered visibility at, and privileged within, events such as the ESMO Congress and related activities, for example satellite symposia, Industry display area space, hotel accommodation, etc.
- b. When an equal number of points are held by 2 or more sponsoring companies, promotional opportunities will be assigned according to the monetary value of the requested opportunities.
- c. ESMO nevertheless retains the right to privilege smaller emerging companies when their products are innovative and the Society feels that their participation in the event would be of benefit to delegates. When satellite symposia are assigned in relation to this clause, the company guarantees that the programme will not be presented elsewhere before the ESMO Congress. Furthermore, all sponsorship items assigned in relation to this clause are subject to specific terms and conditions.
- d. Sponsorship points are cumulative but expire at the end of the 24th month after which they have been allocated.
- e. ESMO recognises the importance of long-term relationships. To this end, 2 points will be assigned to companies for their presence and loyalty on a yearly basis for a minimum of EUR 10,000 of support. The 2 points will not expire. However, for each calendar year during which a company has not been present (with any kind of support), the 2 points are deducted from the company's record.
- f. ESMO will also recognise the contribution to advancements in medicine and science at the ESMO annual Congress. ESMO will allocate one point for each abstract accepted for oral presentation with the mention "Study sponsored by..."
