# WELCOME

---

Dear Industry Partners,

We invite you to get ready for the **ESMO Immuno-Oncology Congress 2024**, taking place on 11-13 December 2024. Whilst invited Faculty will be presenting live from Geneva, Switzerland, the innovative, LIVE Plus, Congress format will offer participants the option to attend in person, in Geneva, or online, through our virtual Congress platform.

The ESMO Immuno-Oncology Congress 2024 is a global meeting offering an advanced educational programme and recent scientific developments in this promising field.

This event offers participants a glimpse into the present and future of anticancer immune-based therapies, focusing on immunobiology insights, on promising new targets and therapeutic agents.

During this year's event, delegates will be able to:

- Access immersion sessions on the principles of immunobiology and immune therapeutics
- Review highlights on the scientific breakthroughs on novel diagnostics, biomarkers and therapeutic strategies in immuno-oncology
- Understand recent developments on immune modulation, including tumor microenvironment, immunometabolism, epigenetics or microbiome
- Connect and obtain insights on activities of IO research consortia

Speakers from academia and industry will participate in a programme that includes new Special sessions addressing the scientific and immunobiologic highlights of the year, breakthroughs in drug development, activities of IO research consortia, Investigator-Initiated trials and methodological, regulatory issues. The enhanced programme will offer attendees wide-ranging perspectives in areas not previously covered and empower the expression of views of stakeholders including trialists, academia, industry, regulators and healthcare practitioners

We look forward to your support and valuable engagement with the ESMO Immuno-Oncology Congress 2024.

# INDUSTRY SATELLITE SYMPOSIA

## 1 SATELLITE SYMPOSIA GENERAL INFORMATION

Satellite symposia will take place from 11-13 December 2024 both onsite and on the VCP. Details of available slots may be obtained by email from the ESMO Events Sponsorship Team ([sponsorevents@esmo.org](mailto:sponsorevents@esmo.org)).

### 1.1 Satellite Symposia Programmes

All satellite symposia programmes must be approved by the ESMO Immuno-Oncology 2024 Scientific Committee prior to any invitations with a view to ensuring the scientific quality and scope of such symposia within the framework of the Congress.

Companies are strongly encouraged to establish a programme in line with the general concept of the Congress scientific programme. Current ESMO Immuno-Oncology 2024 policy encourages the avoidance of topic and/or statement repetition, and/or lectures which may be in conflict with what the ESMO Immuno-Oncology 2024 Scientific Committee considers to be a proper, scientifically well-founded point of view.

ESMO is working to ensure diversity amongst presenters, and companies are also highly encouraged to consider both gender and nationality balance when selecting satellite Chairs and speakers.

ESMO reserves the right to veto speakers. In order to ensure a greater diversity of opinion and scientific contribution, the ESMO Executive Board recommends that a speaker presents at no more than one (1) satellite symposium. However, if unavoidable, a speaker may be involved in a second satellite for a maximum of two (2) symposia during the Congress. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not.

Additionally, and in accordance with ESMO Organisational Regulations, the following ESMO Officers are not allowed to participate (either as a Chair or Presenter) in any satellite symposium:

- Congress Scientific Co-Chairs
- Cancer Medicines Committee Chair
- Compliance Committee Chair
- Educational Committee Chair
- Guidelines Committee Chair
- Editors-in-Chief of ESMO Journals
- Deputy Editors-in-Chief of ESMO Journals
- ESMO-Magnitude of Clinical Benefit Scale Working Group Chair

All other ESMO Executive Board and Council members may participate in a maximum of two industry satellite symposia subject to approval by the ESMO Executive Board. This restriction does not apply to ESMO Colloquia.

Details of the ESMO Council may be found via: <https://www.esmo.org/about-esmo/organisational-structure/esmo-council>.

Any changes to the provisional or the final programme must be forwarded **immediately** for re-approval to the ESMO Scientific Programmes Department ([programme@esmo.org](mailto:programme@esmo.org)). After the outcome notification, only minor changes will be taken into consideration.

Submitting an abstract to the ESMO Immuno-Oncology Congress 2024 Scientific Committee and the official Congress programme implies that the study reported therein will not be presented as such during the Congress at any Industry Satellite symposium and that it has not been presented elsewhere. Therefore, presenting an abstract certifies that it is not connected to any Industry Satellite Symposia.

Regarding **onsite Faculty expenses**, please see details in **point 2.16**.

## 1.2 Programme submission deadlines

<b>20 September 2024</b>	<p>Deadline for receipt of the programme proposals.</p> <p>The proposed programme, including symposium title, presentation titles, names and full contact details of proposed speakers and chairpersons, must be submitted to the ESMO Scientific Programmes Department (<a href="mailto:programme@esmo.org">programme@esmo.org</a>) using the official Congress programme template.</p>
<b>3 October 2024</b>	<p>Notification of acceptance / rejection / request for modifications to the programme as decided by the Scientific Committee. After that only minor changes will be taken into consideration.</p>

### Notes:

- The above timeline has been established to give all sponsors equal opportunities to invite preferred Speakers and late submission of programme proposals cannot delay the overall approval process. Sponsors who do not adhere to the deadline risk not being able to invite preferred Speakers if they have already been confirmed for other satellites in accordance with this schedule.
- It will be the responsibility of Speakers who have been nominated for more than two satellites to choose which to accept.
- Any queries regarding satellite symposia programmes must be addressed to the ESMO Scientific Programmes Department ([programme@esmo.org](mailto:programme@esmo.org)), and not sent directly to the ESMO Immuno-Oncology 2024 Scientific Committee.

## 1.3 Support an ESMO Colloquium

### *Slots will be allocated by ESMO*

A variety of independent state-of-the-art updates on new developments in oncology can be supported with the primary objective to further enhance the educational experience of our delegates.

This will allow you to support official scientific education by ESMO without being directly involved in the development of the programme, or in selecting the faculty. ESMO handles all logistics and promotion of the colloquia. All colloquia will be recorded and the on-demand versions will be promoted via the OncologyPRO newsletter after the live event.

Companies interested in this product must secure a satellite symposium slot first.

For more information, please contact [colloquia@esmo.org](mailto:colloquia@esmo.org)

*\*All ESMO Colloquia Slots are ESMO-MORA accredited*

## 1.4 Applications

The ESMO Events Sponsorship Department will approach companies with a proposal to participate at the ESMO Immuno-Oncology Congress 2024. At the Congress, Satellite Symposia slots are assigned by sponsorship level and on a first come, first served basis.

## 2 ONSITE SATELLITE SYMPOSIA WITH ONLINE LIVE STREAMING

1	12:00-13:00	Room A	650 theatre	5,50	Yes
2	18:00-19:00	Room A	650 theatre	5,50	Yes

#### Thursday, 12 December 2024

Symposium N°	Time	Auditorium	Capacity	Height to ceiling (m)	Stage/Podium
3	13:00-14:00	Room A	650 theatre	5,50	Yes

#### Friday, 13 December 2024

Symposium N°	Time	Auditorium	Capacity	Height to ceiling (m)	Stage/Podium
4	13:00-14:00	Room A	650 theatre	5,50	Yes

### 2.2 Technical equipment

The technical equipment will include a screen, projector, laptop on stage and a sufficient number of microphones. Speakers on stage will be able to follow the presentations through a comfort monitor and will have.

The detail of the audiovisual available in the rooms will be included the Industry Satellite Symposia Technical Manual that will be distributed together with the checklist at least four months before the congress.

### 2.3 Technical and monitoring staff

One technical staff member and one hostess are assigned to each room. Please note that badge checkers are not provided for satellite slots. If you require this service, it will need to be booked separately. Additional hostesses can be booked through the local agency.

The contact details of the local hostess agency will be included the Industry Satellite Symposia Technical Manual that will be distributed together with the checklist at least four months before the congress.

### 2.4 Alternative stage set-up, additional equipment and/or personnel

Owing to the limited set-up and dismantling time necessary between satellite symposia slots (15 minutes), change of setup is not allowed. Additional audio-visual equipment should only be ordered through the official supplier.

The contact details of the official audio-visual equipment supplier will be included the Industry Satellite Symposia Technical Manual that will be distributed together with the checklist at least four months before the congress.

Due to the hybrid nature of the congress, and the specific set up put in place for the online streaming, it is not permitted to use an external technical supplier.

## 2.5 Session rooms lectern

Kindly be informed that the lectern can be branded. It is very important that the ESMO Immuno-Oncology Congress 2024 graphic will not be ruined, therefore, considering also the limited set-up and dismantling times, ESMO suggests you create a graphic which can easily be removed (e.g. forex panel to be placed against the lectern). The company is responsible for printing and hanging the graphic.

The size of the signage covering the furniture will be included the Industry Satellite Symposia Technical Manual that will be distributed together with the checklist at least four months before the congress.

## 2.6 Lectern laptop usage

Due to the hybrid format of this congress, the following regulations will apply to the onsite laptop at the lectern in the assigned room:

- The laptop **cannot** be removed or un-cabled from the lectern
- It is strictly forbidden to upload any presentation on the laptop using a USB key
- No laptop set-ups can be changed

## 2.7 Online streaming of the onsite satellite symposium

All Satellite Symposia of the ESMO Immuno-Oncology Congress 2024 will be live-streamed on the Virtual Congress Platform. The live streaming will give online delegates the opportunity to follow the Satellite Symposia in real time and post questions through the dedicated Questions & Answers function. While onsite, Satellite Symposium Chairs/assigned moderator will be able to read questions on a specifically dedicated device (tablet) and decide to answer those of interest.

## 2.8 Polling system

Companies interested in using a polling system can order it through the official supplier CTI Meeting Technology. The brochure and order forms will be available on the event website no later than four months before the congress. The polling system is exclusively provided by CTI Meeting Technology. Polling/ voting systems from different providers are not permitted.

## 2.9 Session timer

In order to avoid sessions running late, ESMO implemented a timer system for the ESMO Immuno-Oncology Congress 2024. The timer is a count-down, which allows speakers to monitor their presentation remaining time and it's displayed near the comfort monitor(s) visible by the panellists and the speaker at the lectern. It is not visible by the audience.

This timer is implemented to all Satellite Symposia by default, but in order to take advantage of it **companies MUST provide the session slides divided by presentation.**

If the sponsoring company does not want the session timer, please notify ESMO at [immuno@esmo.org](mailto:immuno@esmo.org)

## 2.10 Lead System / Badge Scanner

The ESMO Immuno-Oncology Congress 2024 Lead Retrieval System is a fast and easy way to record visitors' contact information. By simply scanning a visitor's name badge with the supplied scanner, that contact is entered into your own visitor database, including all relevant product information or comments which have been added to these visitors' profiles beforehand. Following the event, approved visitors' address data can be provided in printed form or as a MS Excel file, or made available with proper access rights through an online platform. Further details are available in the Lead System brochure and order form on the ESMO website, published no later than four months before the congress.

## 2.11 Food & Beverage areas

Requests for F&B functions should be addressed to the Immuno-Oncology Congress Secretariat ([immuno@esmo.org](mailto:immuno@esmo.org)), indicating the type of function (coffee break, cocktail, standing lunch, other) and number of guests.

The assignment of F&B time-slots and areas will be processed on a first come, first served basis. **Only when the time-slot and location are assigned will the company be given the contact details** of the catering person responsible for their requirements and through whom they can place their orders. F&B functions should not last more than half an hour. Whether they can take place before or after the satellite symposium will depend on the availability of the F&B area.

No food or beverages are allowed inside any of the auditoria, without previous permission from the Immuno-Oncology Congress Secretariat. However, an exception is made for water. Each company may offer water in plastic bottles to their Satellite participants. Of course, it is the responsibility of the company to clean the room after the session. If the organiser needs to intervene for cleaning purposes the **extra costs will be charged to the company**.

Please note also that any food items served in the Congress centre must be purchased through the official catering service.

## 2.12 Duration of the satellite symposium

All companies are obliged to respect the start and closure times of the satellite symposia. Extensions beyond assigned time slots are not allowed under any circumstances. Infringement of this regulation will affect the sponsors priority list for future ESMO Congresses.

## 2.13 Installation, rehearsal and dismantling times

The set-up and dismantling times are extremely limited and must be respected in full. Please refer to the online programme to check the timing. For additional queries please contact the ESMO Immuno-Oncology Congress Secretariat ([immuno@esmo.org](mailto:immuno@esmo.org)).

Rehearsal slots are free of charge (max. 30-minutes slot per Satellite Symposium) and can be requested via the ESMO Immuno-Oncology Congress Secretariat ([immuno@esmo.org](mailto:immuno@esmo.org)).

However, please note that:

- Rehearsal slots are not guaranteed
- Rehearsals will be assigned on a first-come, first-served basis
- Rehearsals may only be booked upon request and availability

Any request for rehearsals should be sent to the ESMO Immuno-Oncology Congress Secretariat [immuno@esmo.org](mailto:immuno@esmo.org)

## 2.14 Invited speakers preview centre

The companies organising a satellite symposium must use the invited speakers preview centre and follow the instructions that the ESMO Immuno-Oncology Congress Secretariat prepares for its own speakers.

The usage of the invited speakers preview centre companies includes:

- Direct PPT upload from the invited speakers preview centre to the Satellite Symposium room
- Support for the speakers/uploader in the speaker preview centre regarding the upload and management of the PPT presentations

Please inform by **18 November 2024** the latest the name of the designated representative person that will be allowed to access the speaker centre and will be assisted in the upload of presentation(s) by our technicians.

## 2.15 Presentation material

In order to use the invited speaker preview centre, your presentation must be prepared in **PowerPoint 2010, 2013 or 2016 (MS Windows)** and provided on an **USB-removable drive**. Set the slide size to **“Widescreen 16:9”** and **landscape orientation**.

Speakers who are NOT participating in the official ESMO Immuno-Oncology Congress 2024 programme must have their registration fees, and travel and accommodation expenses covered in full by the sponsor.

## 2.17 Satellite symposia contacts/representatives

Each company will provide the name of one person who will be responsible for the organisation of its satellite symposium and notify the ESMO Immuno-Oncology Congress Secretariat ([immuno@esmo.org](mailto:immuno@esmo.org)) as soon as possible about any changes.

If several people are responsible for various aspects (financial, organisational, etc.) of the symposium, the company must inform the Immuno-Oncology Congress Secretariat accordingly. The Immuno-Oncology Congress Secretariat strongly recommends, however, that only one (1) contact person is appointed.

If an agency is appointed to manage and organise the satellite symposium, the company must inform the ESMO Immuno-Oncology Congress Secretariat and provide the agency name and contact person details. Only official agency representatives will receive information material from the ESMO Immuno-Oncology Congress Secretariat.

### 3 SATELLITE SYMPOSIA ON THE VIRTUAL PLATFORM

On the Virtual Congress Platform there is a dedicated page where are listed all the chairs/speakers with pictures, names and related biographies.

Pictures and biographies will be uploaded only if provided at least a month in advance.

#### 3.4 Presentation View and Webcast with CTI

As a default, the presentation slides are shown on the right, and the presenter's video is displayed on the left. The chat is displayed on the right of the presentation.

#### 3.5 Customised background

##### *Live streaming layout on the virtual platform*

Companies can customise their background of their industry Satellite Symposium for the Virtual Congress Platform on a complimentary basis. The ESMO Immuno-Oncology Congress 2024 logo and graphic should not appear, but feel free to include your company logo and branding.

##### *Onsite screen background*

The onsite screen layout of your satellite symposium during the Q&A can be branded with your Industry Satellite Symposium graphic.

#### 3.6 Questions & Answers/Chat Function

Each satellite symposium slot can include at the end a Live Q&A within the allocated 60 minutes slot, where speakers and/or chairs discuss the session content and delegates can send in questions via the Q&A chat. The session can contain some slides or videos if required, followed by the discussion.

The Companies can choose the type of chat they prefer between:

##### *Moderated Chat*

After the question appears in the chat room, the chat assistant can still delete it by clicking "Remove". The onsite chairs will receive an iPad in which they can read the selected questions.

Each company is entitled to have up to 3 chat moderators, who have the possibility to approve, reply and delete comments (for moderated chat only), when necessary. To be able to login to the virtual congress platform, chat moderators need to be registered for the ESMO Immuno-Oncology Congress 2024.

## **3.7 Post-Congress hosting**

All the official sessions and satellite symposia will automatically be uploaded (**without editing/review**) on the Virtual Congress Platform as on-demand sessions within 12 hours after the end of each session, until Monday 16 December 2024 at 12:00 CET. From Monday 16 December at 12:00 CET, the official sessions, where permission is granted, will also be added to **OncologyPRO** or **ESMO website**.

All on-demand sessions will be prepared by our official supplier: CTI Meeting Technology.

If the sponsoring company does not want the satellite webcast to be on-demand on the VCP, OncologyPRO or ESMO website, please notify ESMO at [immuno@esmo.org](mailto:immuno@esmo.org) by **4 November 2024**.

The post-congress hosting will provide a unique opportunity for all satellite organisers to host their on-demand satellite session(s) also after the Virtual Congress Platform closure and make the content easily accessible to all registered attendees\* and ESMO Members.

Post-congress, the hosting will be handled as follows:

- OncologyPRO Sponsors satellite symposia will be hosted on OncologyPRO for 2 years
- Non-OncologyPRO Sponsors satellite symposia will be hosted free of charge on the ESMO website for 6 months

To find out more on how to become an OncologyPRO sponsor contact Jon Roberts ([jon.roberts@esmo.org](mailto:jon.roberts@esmo.org)) or Anna MacDougall ([anna.macdougall@esmo.org](mailto:anna.macdougall@esmo.org)).

\*Non-Member registered attendees will have access for 6 months post-congress.

## **3.8 Webcast**

Companies will receive the recording file of the full session, including the live Q&A. The result of the recording will be raw .mp4 format files, divided by presentation.

ESMO discourages all Industry Partners from hosting their official Industry Satellite Symposia webcasts on their respective corporate/educational/medical websites during the period of the congress as this may affect the attendance of the satellite symposium/symposia both onsite and on the VCP.

If companies intend promoting their satellite symposium/symposia on their corporate/educational/medical website(s), we advise using the specific link to the respective satellite symposium (hosted on the ESMO Immuno-Oncology Congress 2024 VCP). We thank you in advance for following these recommendations which will help optimise the collective gathering of the global oncology community throughout the event.

### 3.9 Evaluation of the symposium

From the Satellite Symposia Gallery, sponsoring companies can decide to have a link to a Satellite Evaluation questionnaire placed on an external website. It is under the sponsoring company's responsibility to monitor and assess the result of the evaluation questionnaire. Deadline to send the link to [immuno@esmo.org](mailto:immuno@esmo.org): **18 November 2024**.

### 3.10 General metrics
