GET INVOLVED IN ESMO ASIA 2016

Dear Industry Partners,

ESMO provides its members and the wider oncology community with an extensive range of scientific and educational products and services with the ultimate goal of improving the standard of care for all cancer patients.

In 2015, the first ESMO Asia Congress welcomed nearly 3,000 medical and healthcare professionals from 75 countries with all participants benefitting from the expertise of the prestigious congress faculty and important clinical perspectives from regional and national oncology societies.

ESMO Asia 2016 will comprise both scientific and educational tracks prepared by an international scientific committee, all experts in their respective fields. The programme will have a strong emphasis on state of the art science, including a call for abstracts, and cover the current standard of care across all major tumour types. Interactive sessions will be dedicated to the latest ESMO Clinical Practice Guidelines and there will be opportunities for delegates to interact both with local experts and key opinion leaders from the international oncology community.

Consolidating activities in Asia underlines the importance ESMO places on collaboration with partners in this region. This second congress in Asia will again take place in Singapore, which has proven to have excellent meeting facilities and is a convenient travel hub for delegates from most countries.

ESMO Asia facilitates information exchange between Asian and European oncology professionals and offers a global benefit—the exchange of expertise across continents. On behalf of ESMO and the entire ESMO Asia 2016 Scientific Committee, we invite you to mark your calendars for ESMO Asia 2016, which aims to cover the latest findings, offer discussions on tangible patient outcomes and provide inspiration for what's next Across Oncology. Worldwide.

INDUSTRY SATELLITE SYMPOSIA RULES

1.0 Structure

Satellite symposia will take place on Friday 16, Saturday 17 and Sunday 18 December 2016. Details of available time-slots may be obtained by email from MCI Asia Pacific Pte Ltd (esmoasia@mci-group.com).

1.1 Satellite symposia programmes

All Satellite symposia programmes must be approved by the ESMO Asia 2016 Scientific Committee with a view to ensuring the scientific quality and scope of such symposia within the framework of the Congress.

Companies are strongly encouraged to establish a programme in line with the general concept of the Congress scientific programme. Current ESMO policy encourages the avoidance of topic and/or statement repetition, and/or lectures which may be in conflict with what the ESMO Asia 2016 Scientific Committee considers to be a proper, scientifically well-founded point of view.

ESMO reserves the right to veto speakers. In order to ensure a greater diversity of opinion and scientific contribution, the ESMO Executive Board recommends that a speaker presents at no more than one (1) Satellite symposium. However, if unavoidable, a speaker may be involved in a second satellite for a maximum of two (2) symposia during the Congress. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not. Any changes in the programme approved on 28 September 2016 must be forwarded immediately for re-approval to the ESMO Asia 2016 Congress Department (programme@esmo.org) in time to submit the final version by 21 October 2016 at the latest.

Submitting an abstract to the ESMO Asia 2016 Scientific Committee and the official Congress programme implies that the study reported therein will not be presented as such during the Congress at any Industry Satellite symposium prior to its presentation during the official ESMO Asia 2016 programme. Therefore, presenting an abstract certifies that it is not connected to any industry satellite symposia.

1.2 Faculty expenses

It is the sponsor's responsibility to cover the travel and limited accommodation (T&A) expenses for all speakers and chairs participating in their symposium, regardless of whether or not they are also invited to participate in the official ESMO Asia 2016 programme.

Travel: Industry satellite symposia speakers should claim flight reimbursement from the sponsor. Should a speaker claim T&A reimbursement from ESMO, the Satellite symposium sponsor will be invoiced the total amount. If, however, the same speaker participates in the Faculty of more than one industry satellite symposium, each sponsor will be invoiced 50% of the total travel costs.

Accommodation: To avoid double hotel bookings, Official programme speakers will be accommodated in the Faculty HQ Hotel and the sponsor will be invoiced for two nights. The remainder will be covered by ESMO, according to the Invited Speaker Reimbursement Policy depending on the speaker role in the official Congress programme, or on a private basis. If, however, the same speaker participates in the Faculty of more than one industry Satellite symposium, each sponsor will be invoiced for one night.

Each company is also responsible for the registration of any Satellite symposium speakers who are not participating in the official Congress programme. Registrations are not arranged by ESMO.

Speakers invited for the official ESMO Asia 2016 programme will be notified that by participating in an industry Satellite symposium, they are not eligible for any travel reimbursement from ESMO.

1.3 Applications

Requests for Satellite symposia will be processed in accordance to the level of sponsorship and on a first-come/ first-served basis.

1.4 Programme timeline and deadlines

On application	Each company should inform ESMO about the type of product(s) and the treatment area on which the programme of the satellite symposium will be based.
19 September 2016	The proposed programme, including the title of the Satellite symposium and all presentations, the full names, affiliations and contact details of both proposed speakers and chairperson(s), must be submitted using the official ESMO programme template to the ESMO Asia 2016 Congress Department (programme@esmo.org).
28 September 2016	Notification by ESMO of the acceptance / rejection / request for modifications to the programme as decided by the ESMO Asia 2016 Scientific Committee.
21 October 2016	Receipt of the final programme for inclusion in the programme book.

Please note that you could select ESMO as a provider of sponsored educational satellite symposia, and benefit from the society knowledge to develop and independent symposium. If you are interested in receiving more information please refer to programme@esmo.org

Any infraction(s) to our Industry Guidelines will follow the procedure outlined in the Terms and Conditions on page 27

2.1.1 Alternative stage set-up, additional equipment and/or personnel

Owing to the limited set-up and dismantling time necessary between Satellite symposia slots (15 minutes), additional audio-visual equipment should only be ordered through the official supplier. These requests must be communicated no later than 18 November 2016. Extra equipment requests to be sent to Dorier Asia (lester.chin@dorier-group.com)

All payments for the F&B orders will have to be made directly to Suntec Convention & Exhibition Centre, by 19 December 2016. The F&B orders will not be provided if the payment is not received by the stated deadline.

2.3 Duration of the Satellite symposium

All companies are obliged to respect the start and closure times of the Satellite symposia. Extensions beyond assigned time-slots are not allowed under any circumstances. Infringement of this regulation will affect the Sponsors priority list for future ESMO congresses.

2.4 Installation, rehearsal and dismantling times

Rehearsal time on the day before may be available but is not guaranteed. Please contact the ESMO Asia Congress Secretariat (esmoasia@mci-group.com).

2.5 Invited speakers preview centre

For logistical reasons, companies organising a Satellite symposium are strongly recommended to use the invited speakers preview centre and follow the instructions that ESMO prepares for its own speakers. If a company does not wish to use the invited speakers preview centre they must advise CTI Technology (cslideesmo@support.ctimeetingtech.com).

2.6 Industry satellite symposium webcast

All the educational sessions that take place at the ESMO Asia 2016 Congress will be added to the respective Webcast Library. Once the congress is over, all the attendees will be able to review all the sessions of the event. This platform will also provide a unique opportunity for all satellite organisers to host their satellite webcast(s) directly in our library and make the content easily accessible to all our attendees and members.

If you are already an OncologyPRO (our official educational portal dedicated to oncologists) Sponsor, the hosting rights are free both inside OncologyPRO as well as in the Symposium Webcast Library provided the filming/recording of your webcast was done by our official supplier (for a small technical fee). To find out more on how to become an OncologyPRO sponsor or get advice on where to host it on this unique platform (if you already a sponsor) contact ESMO.

However, for companies that are not OncologyPRO sponsors a yearly hosting fee applies. This will of course not include recording/filming and any other editing – this will be at your own expense depending on the supplier used. To receive more details on this hosting opportunity, please contact sponsorevents@esmo.org

Changes to the audio-visual equipment included in the rental package are not allowed. Additional information can be requested to Dorier Asia (lester.chin@dorier-group.com).

2.7 Satellite symposia contact/representatives

Each company will provide the name of one person who will be responsible for the organisation of its Satellite symposium and notify the ESMO Asia Congress Secretariat (esmoasia@mci-group.com) as soon as possible about any changes.

If several people are responsible for various aspects (financial, organisational, etc.) of the symposium, the company must inform ESMO Asia Congress Secretariat accordingly. ESMO strongly recommends, however, that only one (1) contact person is appointed.

If an agency is appointed to manage and organise the Satellite symposium, the company must inform ESMO Asia Congress Secretariat and provide the agency name and contact person details. Only official agency representatives will receive information material from ESMO.

2.8 ESMO Congress website and programme book

Approved Satellite symposia programmes will be published online in the Satellite symposia section of the ESMO Asia 2016 Congress programme and in the Congress programme book if they are received no later than 28 October 2016.

The following details are necessary for inclusion in both programmes (online and book): session title, lecture titles plus allocated time for each presentation, full speaker names, affiliation and contact details.

PROMOTION OF THE SATELLITE SYMPOSIUM AND OTHER ACTIVITIES

4.1 Publications and On-site Advertising

Each company will ensure that all company publications referring to Satellite symposia mention: “ESMO Asia 2016 Industry Satellite Symposium” in order to avoid any confusion with the official scientific programme. For this reason, all companies must submit a copy of the final publication to esmoasia@mci-group.com and respect the following deadlines:

22 August 2016	Submit Company logo
19 September 2016	Send advertisements for Programme Book
3 October 2016	Send advertisement for Congress Newspaper
17 October 2016	Submit artwork for on-site advertising
24 October 2016	Send bag insert and satellite invitation weblink

Shipment instructions for “bag inserts” will be given upon approval. ESMO accepts no responsibility for programmes which are submitted late.

ESMO suggests avoiding cultural or historical references in printed material and bears no responsibility should any such references cause offence.

Furthermore, ESMO bears no responsibility towards the delegates for the display, promotion or sale of therapies or services, neither are ESMO supporting those products or services for their sole promotion at ESMO Asia 2016. However, ESMO reserves the right to deny at any time the display, promotion or sale of products, therapies or services should these be against the generally accepted clinical approach. Promotion of unapproved therapies (by regulatory authorities) is regulated by the local and International laws and ESMO bears no responsibility in case of a complaint based on such laws. Sponsoring companies are therefore advised to consult the Codes of Practice of their governing bodies for information and guidance on regulations around attendance at medical congresses. In all cases, sponsoring companies are responsible for ensuring that their promotion during the congress is legally and ethically acceptable in Singapore.

4.2 Reproduction of logos

Each company is entitled to use the official logo of ESMO Asia 2016 on invitations and promotional documents related to the approved Satellite symposium.

Companies are not allowed to use the ESMO corporate logo under any circumstances.

MCI Group Asia Pacific Pte Ltd (esmoasia@mci-group.com) will provide the ESMO Asia 2016 Congress logo as an electronic file upon request, but not before the draft of the invitation or other promotional material is submitted for approval.

4.3 Inviting participants

Inviting participants to your satellites has never been this easy and effective.

A month prior to ESMO Asia 2016 satellite symposium organisers will have the opportunity to showcase their satellites via a digital satellite invitation/weblink in our Online Scientific Programme and invite delegates to find out more about their session(s).

Furthermore, in the ESMO Asia 2016 E-Newsletter there will be a dedicated Industry Satellite Symposia section whereby all these digital invitations will be grouped.

From 31 October 2016, your satellite invitation weblink will go live (this will be subject to prior submission before the 24 October 2016 deadline and subsequent approval by MCI Group Asia Pacific Pte Ltd). The ESMO Asia 2016 E-Newsletter will be sent out to all registered delegates in early November 2016. To take full advantage of this unique opportunity and book this sponsorship product, please contact MCI Group Asia Pacific Pte Ltd (esmoasia@mci-group.com) today!

- This page must not include links, hyperlinks, hot-spots or any means through which the advert can be linked to another site. There will be no exceptions made to this rule.
- The Weblink may consist of more than 1 virtual page, due to its online nature, however no more than 2 pages can be included per Weblink.
- Under no circumstances may "Flash files" be allowed.
- Any requests for content or structure change/ amendments after the Weblink has been linked to the appropriate listing will not be actioned.

All Satellite symposia invitations must not be larger than A4 format and not heavier than 30 grams. Shipment and delivery instructions provided by the Congress Secretariat must be respected. The handling fee, production and shipping costs for the bag inserts will not be covered by ESMO and is to be borne by the sponsor.

Advertisements are possible in Congress-related publications. Please contact MCI Group Asia Pacific Pte Ltd (esmoasia@mci-group.com) for further details.

4.6 Signage, display and distribution on site

For the display of programme posters, one designated poster board will be made available in the ESMO Asia 2016 Industry Satellite Symposium Display Area. The poster board will include a rack for A5 invitations. Display racks will be available from Friday 16 December to Monday 19 December 2016. The poster boards will be portrait (vertical). Please contact esmoasia@mci-group.com for the poster board sizes.

Companies are responsible for:

- Storing the invitations and ensuring the racks are filled.
- Printing sufficient invitations.

Instructions regarding signage, including set-up and dismantling times, auditorium decoration etc., will be provided by the ESMO Asia Congress Secretariat and must be fully respected at all times.

The display of posters is forbidden in other areas of the congress centre other than on the designated poster boards, throughout the congress period. Invitations and flyers may not be distributed to participants in any access to, or in public areas of, the congress centre, including between the metro station and the main entrance of the congress venue.

Flyers may, however, be distributed in front of the door(s) of the assigned auditorium no earlier than one (1) hour before the start of the Satellite symposium. 1 welcome desk will be available outside each session room.

Additionally, the venue strictly forbids sticking signage or other elements to any walls, doors or windows of the premises.

4.7 Promotion at congress hotels

The production, distribution or display of promotional materials at the hotels where participants are staying during the Congress is discouraged by ESMO. However, if such items are produced and distributed, their texts must follow the same rules as those that apply to other printed material (see 3.1). No assistance will be provided by ESMO or by the official housing service for the distribution of material or for the list of official Congress hotels.

4.8 Other promotional activities

Any other activity organised with the purpose of promoting the company's presence during the event or its products or services is subject to ESMO approval.

4.9 Promotion related to products and services

Companies holding Satellite symposia are responsible for obtaining relevant information and for complying with all Singaporean and international rules and regulations related to advertising and promotion of all products and services mentioned as part of the satellite symposium.

Advertising of a specific product or service does not mean acceptance by ESMO, and the sponsoring company is solely responsible for bringing its advertising into line with local and international laws, as applicable.

Any infraction(s) to our Industry Guidelines will follow the procedure outlined in the Terms and Conditions on page 27

GENERAL TERMS AND CONDITIONS

c) For this reason, please supply a reliable contact telephone number for an appropriate decision maker within the company.

d) The sponsoring company shall be solely responsible at its own cost for transporting, storing, installing, removing and securing/keeping safe its exhibits at the Congress. All exhibits are subject to approval of MCI, and are exhibited at the sponsoring company's own risk.

If charges are not paid within the prescribed time, the item will be released and any loss incurred by MCI by such non-payment shall be made good by the defaulting sponsoring company.

The company cancelling its support after the official application form has been accepted will be liable to pay the following fees:

Once the sponsorship item(s) are officially assigned the cancellation fee is 100% of the total rate.

9. Administration fees/invoicing changes

Invoices will be addressed according to the invoicing data provided by the sponsoring company. Please note, if a billing change is requested (i.e. company name change or address change), an administration fee of 100 USD (Excluding VAT) will be charged to the company.

10. Indebtedness

Payments not received by the first day of the Congress (Friday 16 December 2016) will be subject to a 10% penalty fee on the total sponsorship investment.

11. Refunds

Any refunds of deposits paid will be made after ESMO Asia 2016 but not later than the 20 January 2017. The sponsoring company will not be entitled to any interest that the organiser may have derived from deposits made. 12. Postponement or Abandonment

a) ESMO reserves the right to postpone the Congress including the technical exhibition, or to transfer it to another site, if unforeseen circumstances warrant such action. Should any contingency prevent the holding of the Congress or any of its parts, ESMO and MCI cannot be held liable for any costs, expenses and damages (including, but not limited to direct or consequential damages, loss of opportunity, loss of use, or loss of revenue or profit) incurred in connection with the postponement or abandonment.

b) Unexpected cancellation of the event: ESMO reserves the right to cancel without notice or compensation ESMO Asia 2016 in the event of force majeure cases (e.g. strikes, riots, fires, flood, terrorist attacks, governmental actions and regulations, damages or other fatal occurrences). a) ESMO and MCI shall not be liable for any damages, dispute or injury arising out of or in connection with the performance of this Agreement unless caused by wilful act, gross negligence or default of an employee, director, representative or contractor. Nor shall ESMO and MCI be liable to the sponsoring company for any indirect or consequential loss, damages, claims or demands arising out of this.

b) Agreement, including without limitation any economic loss or other loss of income, profits, business, opportunity, reputation or goodwill.

14. Bankruptcy or Liquidation

In case the sponsoring company becomes bankrupt or enters into liquidation other than for the purpose of restructuring or merger, or has a receiver appointed, ESMO and MCI shall be at liberty to terminate immediately the contract with the sponsoring company, to cancel the allocation of sponsorship product(s)/service(s) to the company and to forfeit all sums paid by the company.

15. Security and Insurance

a) Neither ESMO and/MCI nor its contractors shall be responsible for the safety of any exhibit or other property of the sponsoring company or any person. Furthermore, ESMO and/MCI nor its contractors shall be responsible for the loss, theft, damage or destruction by any cause of the exhibits or other property, or for loss, damage or injury sustained by any exhibits or any other persons. The sponsoring company/exhibitor shall indemnify ESMO and/MCI and its contractors to third persons, as a result of any act or omission of the company, its staff, agent or personnel hired on a temporary basis.

b) As ESMO and/MCI and its contractors will accept no responsibility for any of the foregoing matters, the sponsoring company should affect his/her own insurance against any risk of loss due to theft or negligence, damage, injury or liability. The sponsoring company agrees not to pursue ESMO and/MCI for any previously listed risks.

Applies equally to all. All companies investing in sponsorship at ESMO Asia 2016 must comply with all rules and policies established by ESMO and MCI.

17. Violation Procedure

The procedure for policing and enforcing the violation is as follows: When noticing a violation, MCI and/or ESMO staff will ask the company to correct the situation according to the applicable regulations.

If the company refuses to comply, MCI and/ESMO staff will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant sponsoring company will be invited to present the company's view, after which the Committee will give its opinion.

This will be confirmed in writing after ESMO Asia 2016. Appeals may be made to the ESMO Management.

18. Penalties

- a) First violation: No accrual of points for the year.
- b) Second violation: No accrual of points plus the loss of all accrued points to date.
- c) Third violation: No right to participate at the next ESMO Congress.

19. Claims Procedures, Place of Performance and Jurisdiction

All claims by the company booking any sponsorship product(s)/service(s) against ESMO must be in writing. The maximum time lapse is 1month from the closure of ESMO Asia 2016. Agreements which deviate from these conditions or from the supplementary regulations must be in writing; facsimile signature suffices. The contract is governed exclusively by Swiss law; the English text is authoritative.

20. Laws, Rules and Regulations

a) The sponsoring company shall abide by all laws, fire safety and environmental laws, local authorities' laws or regulations and the rules and regulations of the Congress venue which have been provided to the sponsoring company and which may be added to from time to time by the venue owner. Failure to do so will constitute grounds for breach of this Agreement.

b) The sponsoring company shall take all necessary precautions to prevent any harm done to the Congress venue and venue property. The sponsoring company is liable to compensate ESMO and/or MCI for all losses, costs and expenses suffered by ESMO and/or MCI arising from any damage done to the Congress venue or venue property or any breach of this clause by or caused by the sponsoring company.
