WELCOME

ESMO TAT is a key multi-stakeholder forum that brings together researchers, industry partners, investors, and regulatory bodies under the same roof, making the event essential for any professional involved in the development of new anticancer drugs.

Recognising the excellent opportunities that this event creates as a forum connecting different actors in oncology, ESMO TAT 2025 will underpin the vital collaboration required to improve the outcomes for cancer patients worldwide.

Following last year's success, ESMO TAT 2025 will host again **five special sessions with industry** addressing drug development, methodological, regulatory, strategic financing, and investment issues, offering attendees a fresh, wide-ranging perspective on the development of innovative cancer therapeutics and their optimal implementation.

Empowering the views of stakeholders beyond academia, such as industry, investors and regulators will enrich the educational and scientific content of ESMO TAT 2025 in the fascinating arena of therapeutic innovation.

We look forward to meeting you in Paris!

It is the responsibility of the Exhibitor to maintain proper insurance coverage for its property and liability. Exhibitor understands that neither ESMO nor Marriott maintains insurance covering the Exhibitor's property, and it is the sole responsibility of the Exhibitor to obtain such insurance.

All products and services must be safe in the opinion of ESMO and have the approval of appropriate authorities.

All activities on the booth area potentially attracting a large audience and causing queues (e.g. presentation, quiz, give away' distribution) may not be placed immediately at the borders of the booth facing the aisles, as this might be impeding aisle traffic. Those activities must be clearly identifiable on the booth layout sent in for approval by ESMO.

ESMO reserves the right to stop such activities on the booth immediately, if they are blocking passageways around the booth area.

Exhibits must be staffed at all times during the hours of Exhibition. The Exhibition areas are to be used only during the specified opening hours.

The penalty that will be reflected in the company's sponsorship record for infractions to these laws will be assessed by the Congress Secretariat.

3. Concomitant activities

5.4 Promotion at Congress hotels:

The distribution or display of promotional materials at the hotels where participants are staying during the Congress is discouraged by the Congress Secretariat. However, if

produced, the content must follow the same rules defined by the Congress Secretariat in this policy.

5.5 Other promotional activities

Any other activity that is organised with the purpose of promoting the company's presence during the event or its products or services is subject to the Congress Secretariat approval.

6. Identification of the exhibitors

False certification of individuals as exhibitor's representatives, misuse of exhibitor badges, or any other method assisting unauthorised persons' access to the exhibit floor will be just cause for expelling the violator from the Exhibition or barring him from further entrance to the exhibit floor or removing his exhibit from the Exhibition floor without obligation on the part of the Congress Secretariat for refund of any fees.

7. Subletting of space

Exhibitors may not assign, sublet or apportion the whole or any part of the space allotted to them and may not advertise or display goods or services other than those manufactured or sold by them in the normal course of business. The demonstration of products, advertising of products or distribution of advertising, and/or solicitation of business of any kind on behalf of non-exhibiting firms in any part of the Congress facility is strictly prohibited.

8. Admission rights

Admission to the exhibit area is limited to the owners, representatives and employees of exhibiting firms. Models or similar personnel not commercially connected with the industry may be employed to assist in the exhibitor's booth; The Congress Secretariat may refuse or expel any person whose behaviour or clothing is considered incompatible with the image of the event, or who refuses to comply with the local safety rules. Participants fully registered to the Congress and exhibitors wearing the exhibitors' badge may enter the Exhibition hall. Exhibitors must treat all participants/visitors in a courteous and fair manner.

Discrimination against participants/visitors according to their nationality, academic position, or any other factor is against these Industry Guidelines and will affect the future congress attendance of the company in question.

9. Surveys

Surveys are authorised only in the limits of the company's assigned booth. The appointed personnel must be identifiable at all times as member of a "marketing research team".

10. Media events - Temporary badges

Representatives of communication agencies that need a badge to assist in the preparation and development of third-party's media events, will be assigned a temporary badge at no charge. The temporary badge does not authorise any promotional or commercial activity, or any unsolicited contacts with any delegates. Unsolicited contacts will result in the cancellation of 5 to 10 ESMO sponsorship points from the company's records, based on the nature and damage of the infraction, as

established by the ESMO Executive Committee. If no relationship can be made to any company, the communication agency will be banned from participating in the ESMO TAT Congress for the next 4 years.

11. Booth restrictions

Exhibits must conform to the contracted space and all display rules as set forth in these Industry Guidelines. Any aspect that is not covered by these Industry Guidelines is subject to approval by the Congress Secretariat and by the Venue's Technical Service Department.

Exhibits or displays must not obstruct the view or interfere in any way with the displays of neighbouring exhibits. Aisles and gangways must at all times be kept clear and free for passage and all emergency exits and access to service areas are to be kept clear at all times and not restricted or rendered unrecognizable. Any exposed part of the display must be covered not to be objectionable to the other exhibitors, or in the best overall interest of the Exhibition. All business and selling demonstrations shall be confined to the exhibitor's own booth. Promotion or display of promotional material and any other related activity is not allowed outside the assigned space.

12. Stand design

The drawings of the stand must be sent to the Congress Secretariat by email to meetings@esmo.org before the **22 January 2025**.

The drawings must clearly indicate the planned layout, equipment and furnishing of the stand, including the signage and visuals. The location of power outlets, electricity cables, moving parts, details of raised floors must also be indicated.

Please supply a SCALED top view drawing.

All stands will be equipped with the necessary carpet as well as a set of boundary wall(s) depending on the stand design type - corner, peninsula or in-line.

13. Stand Transparency

For Island and Peninsula stand types, the Congress requires that a line of sight through the stand be possible from aisle to aisle for at least 35% of the stand width when viewed from each open side.

As an example of assessment criteria, high walled areas forming large storage rooms may block neighbours unreasonably and, in this case, will not receive approval. A high tower to attract attention (not blocking neighbours) is likely to be approved. For aesthetic reasons, the Congress Secretariat does not advise constructions rising floor to ceiling.

14. Stand elements

Stand elements placed on the open sides of a stand must be 30cm inset from the edge of the stand. The maximum build height is 2.50m and any additional element(s) within the designated stand space needs to respect this height limitation.

Should the Congress Secretariat consider that an item of the stand will obstruct visibility of neighbouring stands, the

Congress Secretariat reserves the right to ask for any modification.

15. Management of the booth

Exhibits must remain fully intact and staffed at all times. Dismantling of exhibits and removal of products or display material is limited only to published dismantling hours.

16. Audio and visual activities

The projection of films and slides; any amplification with the aid of loudspeakers; the production of music and/or sound; as well as the use of lighting, computer monitors, and television screens is acceptable within the stand/Exhibition space as long as no disturbance is caused. Sound and lighting effects should be contained within each stand. If the Congress Secretariat judges that a disturbance is being caused, the Exhibitor is to halt the activity immediately. If this is not done, the Congress Secretariat reserves the right to make the necessary arrangements at the expense of the Exhibitor. A refusal to lower the sound level or halt an activity will be considered a violation of these Industry Guidelines. Licensing for copyrighted work is the sole responsibility of the exhibitor.

17. Catering

Exhibitors may not sell or serve food or drink for consumption on the premises. Serving alcoholic beverages on stands is strictly forbidden. All companies offering hospitality are reminded of their responsibilities for hygiene and food safety. Exhibitors are also encouraged to guarantee a healthy and balanced catering service to their delegates. All catering should be ordered through the official caterer namely: Audrey.Maslard@marriott.com

18. Social functions/activities

Social functions and other activities sponsored by exhibitors cannot be held during exhibit hours or in conflict with any scheduled meetings or activities conducted by the Congress Secretariat. No programmatic activities or scientific/educational activities may take place during exhibitor/sponsored functions. Self-assessment tests, computer assisted learning which the delegate can choose to start and end at his/her own wish are allowed.

19. Giveaways

Giveaways should have a professional nature and be limited in value. Sharp, pointy or other potentially dangerous objects are not allowed.

20. Force majeure

Should the event be cancelled, postponed or moved to a different venue due to force majeure, the invested costs will be refunded or reallocated to a postponed and/or different project, while the arising costs will be borne by the participating companies. Force majeure is defined as any event that the Congress Secretariat could not, even with due care and attention, foresee or avoid. These events include, but are not limited to acts of God, war, terrorist attacks that may hinder the organisation of the Congress and affect the security of

participants, government regulation, disaster, strikes, civil disorder, or any other similar emergency making it illegal or impossible to hold the Congress.

21. Insurance

The Congress Secretariat disclaims any and all responsibilities for damages to persons or properties in relation with the activities organised by third parties who are directly liable for such damages.

It is therefore the responsibility of the third party to take out sufficient insurance coverage.

The ESMO TAT Congress 2025 is a non-smoking event.

23. Final Clause

In cases not covered by the regulations in these Exhibitor manual, the Congress Secretariat's interpretation shall be final.
