**Vincent
Sibaud**

France

Learning objectives

After attending this symposium, participants should be able to:

- Evaluate the latest updates on the management of patients with EGFR-mutant NSCLC
- Reflect on how therapy management approaches may integrate into clinical practice

This industry symposium is funded and organised by Johnson & Johnson in EMEA and is intended for healthcare professionals only.

Janssen Pharmaceutica NV, Turnhoutseweg 30, B-2340 Beerse, Belgium
