

REFLECTIONS FOR THE FUTURE

EUROSTARS OASIS PLAZA **17/19**
FIGUEIRA DA FOZ **NOV' 16**

SIMPÓSIO NACIONAL

1st INTERN AND YOUNG EXPERTS MEETING

SIMULTANEOUS NURSING PROGRAM

REGISTER NOW!
SPECIAL CONDITIONS FOR REGISTRATIONS UNTIL SEPTEMBER 15

PRECISION MEDICINE: THE RELEVANCE OF GENOMICS AND PROTEOMICS

NEW IMAGING TECHNIQUES

TECHNOLOGICAL PROGRESS IN OLIGOMETASTATIC DISEASE THERAPY

ONCOLOGIC CARE IN PORTUGAL

CANCER TREATMENT – INNOVATION AREAS: SURGERY AND RADIOTHERAPY

CHALLENGES IN SYSTEMIC TREATMENT

PROCEDURAL AND ORGANIZATIONAL INNOVATION

PROGRAM*

THURSDAY, NOVEMBER 17

1st INTERN AND YOUNG EXPERTS' MEETING

Registration desk opening

SESSION I

What kind of research during the oncology internship?

Aims of the research process
Management of difficulties in peripheral sites
Establishing a research protocol
Structuring the knowledge library

SESSION II

Partners for a quality research

SESSION III

Is it possible to constitute collaborative research groups in Portugal?

LUNCH

SESSION IV

Professional careers in oncology

Palliative care
Private careers
Pharmaceutical industry

COFFEE BREAK

SESSION V

2017 initiatives from young oncologists

Connecting with young european oncologists
Clinical cases webinars
Research grants
Online platform for sharing experiences on internships abroad

DINNER

"CANCER, CURSED DISEASE"

Documentary film and testimonies

FRIDAY, NOVEMBER 18

Registration desk opening

SCIENTIFIC SESSION I

Genomics and proteomics in precision medicine

Biomarkers – state of the art
Liquid biopsies: ctDNA and circulating exosomes – clinical use
NGS sequencing for therapy selection – clinical applicability

NURSING SESSION I

Chemotherapy-induced peripheral neuropathy: how to prevent?

COFFEE BREAK

FRIDAY, NOVEMBER 18

SCIENTIFIC SESSION II

New imaging techniques – from diagnosis to response evaluation

Whole-body MRI and fusion biopsy
PET scan: what's new?

NURSING SESSION II

Challenges for young patients: sexuality and fertility

Symposium

LUNCH

DEBATE SESSION

Coverage and Structure of Oncologic Care in Portugal

Symposium

COFFEE BREAK

SCIENTIFIC SESSION III

Technological progress in oligometastatic disease therapy

Surgery
Radiology
Radiotherapy

NURSING SESSION III

Post-surgery patients in intermediate care: nursing role

DINNER

SATURDAY, NOVEMBER 19

Registration desk opening

SCIENTIFIC SESSION IV

Cancer Treatment – innovation areas

New surgery techniques
Less sometimes could be more
Extreme surgery techniques

NURSING SESSION IV

Nutritional demands in cancer patients

SCIENTIFIC SESSION V

Innovations in radiotherapy (protons)

What to expect from proton radiotherapy
A proton center in Portugal – cost/benefit assessment

NURSING SESSION V

Research in Nursing

COFFEE BREAK

CONFERENCE

What to expect beyond immunotherapy?

Symposium

LUNCH

CONFERENCE

Procedural and organizational innovation: health value!

Symposium

SCIENTIFIC SESSION VI

Challenges in systemic treatment: into the future!

Biologic therapies (CAR T-cells, vaccines)
New drugs

CLOSING SESSION AND AWARDS

*The program and sessions can be changed by the Organization.
